ABOUT THE REPORT

BASIS OF REPORTING

Starting FY23, Saregama India Limited (Saregama) has commenced its integrated reporting journey based on the Integrated Reporting <IR> principles of the International Integrated Reporting Council (IIRC), which is now a part of the IFRS Foundation.

Such reporting meets the expectations of the investor community for disclosing information beyond financial capital and statutory norms and has a strategic orientation. In this Report, we have provided an all-encompassing discussion on our value creation process along with operating context, stakeholders, material matters, governance and strategy. We use five capitals - financial, human, entertainment & intellectual, social & relationship and natural capital to aid decision-making.

REPORTING PRINCIPLE

The Report has been prepared in accordance with the Companies Act, 2013 (and the Rules made thereunder), Indian Accounting Standards, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Secretarial Standards. We have also followed the principles of other international guidelines including the IIRC's <IR> framework and the Global Reporting Initiative (GRI) Standards.

BOUNDARY AND SCOPE OF REPORTING

The Report covers financial and non-financial information and activities of Saregama India Limited, for the period of 1st April, 2022 to 31st March, 2023. We have captured significant material events up to Board Meeting held on 27th July, 2023.

BOARD ASSURANCE

The Board of Directors and the Company's management team have applied their collective mind in the report's preparation and acknowledge their responsibility towards the integrity of the information. They opine, in their collective best knowledge, that the Report discusses all material issues and that the Company's performance has been provided in a fair and balanced fashion.

FORWARD-LOOKING STATEMENTS

Certain statements in this Report regarding our business operations may constitute forward-looking statements, including those regarding the financial position, business strategy, management plans and objectives for future operations. Forward-looking statements can be identified by words such as 'believes', 'estimates', 'anticipates', 'expects', 'intends', 'may', 'will', 'plans', 'outlook' and other words of similar meaning in connection with a discussion of future operations or financial performance.

Forward-looking statements are necessarily dependent on assumptions, data or methods that may be incorrect or imprecise and that may be incapable of being realised and as such, are not intended to be a guarantee of future results, but constitute our current expectations based on reasonable assumptions. Actual results could differ materially from those projected in any forward-looking statements due to various events, risks, uncertainties and other factors. We neither assume any obligation nor intend to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

OUR CAPITALS

Financial Capital

refers to the funds available including equity, cash balance and debt, which we use to create and acquire intellectual properties (IPs) for enhancing value creation.

Social and Relationship Capital

refers to the strong relationships with artistes, film studios, broadcast and streaming partners, advertisers, audiences and the society at large that supports our ability to create value.

Human Capital

refers to the expertise of our people in creating a robust pipeline of IPs. We prioritise their learning and development and foster a culture of creativity, risk-taking and innovation.

Natural Capital

refers to the natural resources we use in operations and the resulting environmental impact which we strive to reduce.

Entertainment and Intellectual Capital

encompasses our industry experience and knowledge, iconic brand status as custodian of India's largest music library that keeps expanding through addition of new content, our reputation of a young studio that creates story-led movies & series for the younger generation, and our ability to enhance our IPs and innovatively monetise them.

THEME INTRODUCTION

YOUNG & ENTERTAINING @121

FOR MORE THAN
A CENTURY,
SAREGAMA
HAS BEEN
ENTERTAINING
MILLIONS OF
AUDIENCES

From the first ever recording in India
in 1902 to the biggest musical hits
of 2023,

From Music Retailing through
Carvaan to Streaming on all premier
Digital Platforms,

From thematic Movies & Series for
digital consumption to Theatrical
Content with leading stars,

From Live Concerts to Musical Plays,

WE HAVE DONE
IT ALL

121 years, 150K+ songs,
69 films and web series,
over 6K hours of television
serials, 32 Live Shows

JOSH IS
STILL HIGH

We are constantly scouring the industry for relevant content and talent that resonates with today's audiences. This includes songs, podcasts, long-form videos (films), mid-form videos (TV & web series) and short-format content. What really differentiates us from competition is our decentralised decision-taking structure and reliance on technology to decide what to acquire or create. It allows faster decision-making by people closer to the market.

Equal importance is given to monetisation of content. With rapid changes in technology, users are consuming content in newer and previously unheard ways. With the aid of technology tools, a team of youngsters is constantly tracking the digital world for newer apps and web-pages using our content, and handing over the potential partners to the legal and business teams for issuing licenses. Apart from growing revenues, this also ensures that the Company is never over-dependent on any one source of licensing revenue.

Also, as a proud custodian of India's musical legacy, we continue to reignite the magic of the evergreen songs created decades back. Our objective is to maintain the prominence of these songs by employing effective marketing strategies tailored for our existing fans. Concurrently, we aim to resonate with the younger audience through modern renditions, thereby enhancing their relevance.

Having entertained for more than 100 years, we are in our second 20s, and we believe we will remain in our 20s forever.

We take pride in being a youthful and contemporary entertainer that continues to captivate and entertain audiences. Join us in celebrating the power of youthfulness and entertainment!

ABOUT SAREGAMA

THE LARGEST AND FASTEST GROWING MUSIC LABEL AND YOUNGEST FILM STUDIO BUILT ON TWIN-PILLARS OF CUSTOMER CENTRICITY AND TECHNOLOGY

Saregama

India's leading and only entertainment company with diversified business

Saregama is one of the very few entertainment companies that creates both audio and video IP, and then monetises it across music streaming, broadcast, video streaming and social media platforms, theatres and retail shops. The underlying philosophy is always IP ownership and not work-on-hire production services. We work both on licensing (B2B) as well as retail (B2C) models. This allows us to drive synergies across verticals and improves our negotiation power with our partners (artistes and licensing platforms).

We keep our Customer at the centre of everything we do. We use both qualitative research and data analytics to understand the What (what kind of music, films, events they want to consume) and How (how do they prefer consuming this content). This knowledge combined with our tech investments in predictive AI modelling tool gives us a big edge over others in a competitive entertainment IP market.

Further, we are a part of the RP-Sanjiv Goenka Group, a large conglomerate having interests in power and natural resources, carbon black, retail and FMCG, media and entertainment, infrastructure, information technology, education and sports. The RP-Sanjiv Goenka Group includes entities such as Phillips Carbon Black Limited, Firstsource Solutions Limited, CESC Limited, Spencer's Retail Limited, RPSG Ventures Limited and Harrisons Malayalam Limited, amongst others. We believe that our association with the Group has enabled us to absorb its corporate values and principles and adhere to good corporate governance practices. We also believe that our association with the RP-Sanjiv Goenka Group aids us in procuring new businesses and exploring other opportunities.

48% of Licensing Revenue now comes from 21st century songs

VICE-CHAIRPERSON'S COMMUNIQUE

With continued market presence, your Company recorded all time high revenue and PAT. Revenue from Operations rose by over 28% at Rs. 7,366 Mn from the last financial year, while net profit surged by over 21% to reach Rs. 1,851 Mn. Our topline has grown by a CAGR of 22% for the last 7 years and even more significant is the fact that our profits have grown at a CAGR of 58% for the similar period. We believe this journey of growth and habit of breaking our own records will continue as the pillars of this growth namely digital boom, availability of capital for future investment and an excellent team at work stay strong and intact.

The music segment continued to grow strongly on the back of the Company's strategy to invest in new music and monetise the catalogue in different ways. The Company is continuously exploring possibilities of inorganic acquisition by way of different transaction structures, and is committed to investing based on financial and strategic parameters. However, safeguarding

of capital continues to be our top priority along with tapping avenues of growth.

Carvaan sales grew by over 40% and our strategy of providing value to our customers driven by product innovation continues to be the driving factor for growth in retail business. We will continue to innovate on the product front and plan to come up with some exciting product offerings with a lot more service features as well as sources of revenue. The Company believes in diversifying its business streams to maximise benefits of synergy. The launch of live events vertical is an example of the same. In our Films, TV and Events segment, revenue grew by 54%.

Your Company continues to strengthen its core values such as governance, stakeholder value creation and sustainability. The Company has embedded ESG parameters in its business activities. In order to enhance visibility, a holistic view of its activities is presented through an Integrated Report.

The Company continues its practice of rewarding its shareholders. An Interim dividend of Rs. 578 Mn (Rs. 3 per Equity Share on the face value of Re. 1 each) was paid during the quarter ended 31st March, 2023.

I want to thank all stakeholders for their continued support in achieving our targets for the year gone by. We believe that we are at the cusp of an exciting journey, which is expected to create value for all of us.

Yours sincerely,

Avarna Jain
Vice-Chairperson

MD'S PERSPECTIVE

Hello everyone, I am pleased to share with you highlights of an extremely eventful year for your Company driven by the digital revolution and our content play. We have witnessed the Company scaling new heights and we are confident of achieving even higher peaks. The Company's revenue from operations touched Rs. 7,366 Mn and the PAT recorded was Rs. 1,851 Mn. It is heartening to note that the growth story is not a one-off event but a further addition to the consistent track record of strong financial performance.

A big shift in the Company's outlook over the last few years has been a greater focus on our younger audiences. We are constantly catering to the content needs of this class of audience by way of investing aggressively in new music, creating derivatives and cover versions of gems from our catalogue, entering into the business of live events and expanding the horizon of Yoodlee vertical by releasing Web Series on digital platforms. This approach not only helps us connect with our younger audience but also diversifies the revenue streams, paving way for a broad-based growth in the years to come.

Music has been the driving force behind the Company's growth story in the past and it continues to deliver the results in line with everyone's expectations. The Company's music licensing revenue grew by over 20% for the 5th year in a row. This is primarily on account of increased investment in new music and the growing popularity of our retro

catalogue. One of the key strengths of the Company and the one that sets us apart from the rest is the process of new content acquisition. The Company acquires new content using predictive AI technology using volumes of relevant data converted to knowledge which is leveraged through a completely decentralised decision-taking structure and listening sessions by our young employees that clearly understand the modern day content requirements. Performance of new content has been one of the major drivers of our growth in the music licensing vertical. The result is clearly visible as 21st century songs contributed ~48% of the music licensing revenue for FY23. Another critical element of our new content strategy is being language-agnostic. We believe in investing in any content that meets our parameters of financial returns.

Your Company has clocked revenues of over Rs. 1,574 Mn in the Films, TV and Events segment registering a 54% YOY growth. There is an exciting line-up of our films and series to be released in the coming years. Our entry into the business of live events has been received very well and it gives us the confidence to build this further. While this segment is expected to grow at a higher rate than other segments, we have implemented a tight capital allocation policy to mitigate any risks of capital being locked for a long period.

I would like to highlight that technology remains at the centre of the Company's strategy in every decision that we take. We have so far invested in predictive AI and now we shift towards investing in Generative AI technology. We keep ourselves abreast with technological advancement and believe that leveraging new-age technological developments will be a path-breaking step with respect to the growth story waiting to be unfolded.

I thank all our business partners, investors, employees and most importantly the consumers for their strong support and patronage to the Company. Looking forward to the ever-strengthening partnership in future.

Yours sincerely,

Vikram Mehra

BUSINESS OVERVIEW

Saregama is India's oldest music label with one of the largest song libraries that is continually being expanded through acquisition of film and non-film songs, across languages and genres.

This music is non-exclusively licensed to partners for short periods, on a variable or fixed fee basis.

The Company is also investing in new talent discovery. The aim is to identify tomorrow's stars early, groom and train them and make them popular using Saregama's resources. This will not only give Saregama a preferential access to this talent in future, but also open an additional source of revenue.

KEY BUSINESS ENABLERS

- Library comprising music (both catalogue and new, film and non-film) across multiple genres and 18 different languages
- Rights to Master IP (actual song) and Publishing IP (lyrics, composition) across all media for global territory
- Songs fully digitised with rich meta-data for easier search

NEW MUSIC CONTENT ACQUISITION

Saregama is cementing its leadership position with new film and non-film music acquisition across Hindi, Tamil, Telugu, Bhojpuri, Gujarati, Punjabi, Malayalam, Bengali and other regional languages.

- The New Music IP acquisition process started slowly 3 years ago with smaller acquisitions. These 36 months have given us time to vet our assumptions and fine-tune our marketing and monetisation approach. We are now fully geared to acquire a lion’s share of new content
- The primary focus is on acquiring music of films in Hindi, Telugu,Tamil and Malayalam languages
- The Company is additionally creating non-film music in several languages including Hindi, Bhojpuri, Punjabi and Gujarati. This is being done with artistes like Arijit Singh, Badshah, Sunidhi Chauhan, B Praak, Pawan Singh, Khesari Lal Yadav, Rakesh Barot, etc.
- The Company dedicates a significant proportion of the content acquisition cost towards marketing of music, to ensure a higher success rate during the monetisation cycle

CONTENT SELECTION PROCESS

We have a robust data-driven and listening-led selection process, which helps identify songs with high monetisation and return on investment potential. It involves use of a home-grown predictive AI model, built using the performance of all songs released in India over the last 3 years. It throws a performance predictor score basis the genre of the song and the artistes involved with it. This is followed by a listening session by a group of young company executives, all under the age of 30 years. Their qualitative feedback is combined with the predictor score to decide if we want to acquire the song and at what price.

We also keep refreshing our existing songs to suit the choices of our young audience, by allowing modern day artistes to recreate these songs in newer ways.

OUR NEW MUSIC PARTNERS

We have established partnerships with some of the leading film studios for acquiring new music content

PARTNERSHIPS WITH LEADING ARTISTES FOR CONTENT CREATION

While we strongly believe in film music, we lay an equal emphasis on artiste-led non-film music. Partnering with leading artistes of the country is essential to the success in this segment. This is possible only through long-term partnerships with artistes, that are based on mutual trust and respect.

We recently partnered with Bollywood's leading singer Arijit Singh for creation of original songs and recreations in Hindi and Bengali. Company also has long-terms deals with Bhojpuri (Khesari Lal Yadav, Arvind Akela Kallu) and Gujarati (Rakesh Barot, Kajal Maheriya) artistes.

We also announced our partner programme for all musicians and singers wanting to do covers, recreations and remakes of our catalogue across all languages.

IP MONETISATION

Music streaming / video streaming platforms

We license our songs to Music Streaming, Video Streaming and Short format Video platforms through various types of commercial structures. All these platforms are in the early stages of growth with huge upside potential over the next few years, on the back of content consumption growing online. Both advertising and subscription will drive this revenue growth. We expect the subscription base of the streaming apps in India to touch 50M over the next few years.

Saregama's music IPs were used 213 Bn times across audio OTT platforms, YouTube, radio stations, TV channels in FY23

Music streaming platforms

Video streaming platforms

With the rising popularity of video streaming in India, platforms like Netflix, Disney+ Hotstar, Amazon, Zee5, Alt Balaji etc. are aggressively investing in Indian content. Most of these new shows license Saregama-owned music, for the global territory, thus creating a rapidly growing revenue stream for the Company.

BROADCASTING
PLATFORMS - TV
CHANNELS AND BRANDS

We license our music to television channels for use in TV serials, reality shows, promotions etc., and also to advertising agencies for use in ads running on TV, digital media including social media and radio. The popularity of our songs enables monetisation through usage of songs across different forms of content including advertisement.

YOODLEE FILMS

Yoodlee Films champions the creation of compelling content specifically designed for licensing to third-party digital platforms. We envision ourselves as a 'Writer's Studio,' specialising in crafting dynamic stories that resonate with the global youth. Our approach hinges on a dedicated script-reading team and strategic partnerships with multiple talent agencies, reinforcing our commitment to attracting the best writing talent.

KEY BUSINESS ENABLERS

- A diverse team of script readers with robust script selection process based on pre-established quantitative scale
- Cost-efficient production capabilities and high engagement levels with artistes and audiences, powering the capability to produce large number of content

Recognising the burgeoning demand for regional content in the OTT space, Yoodlee has branched out to produce films in Malayalam, Punjabi, Marathi and Tamil languages. We collaborate with well-known artistes from these regions, ensuring our creations reflect authentic regional narratives.

Our filmmaking prowess hinges on cost-efficient production capabilities, bolstered by an award-winning, seasoned in-house creative team. Our financial risk management strategy for film projects is designed around containing upfront talent costs while incentivising key artistes through profit-sharing agreements. This structure not only safeguards our financial interests but also fosters high-quality performances, leading to superior film productions.

INVESTMENT CASE

AN ORGANISATION WITH
PROVEN TRACK RECORD,
CLEAR STRATEGY AND
VISIBLE GROWTH PATH

India's media and entertainment industry has witnessed a consistent growth on the back of digital migration, increase in data consumption, declining piracy and rising disposable incomes. It has just touched the tip of the iceberg. 40% of India is yet to own a smartphone, while of the existing smartphone owners, less than 50% consume video content on a regular basis. This shows the extent of runway available for growth. And the favourable economic landscape in India would ensure that this growth actually materialises.

Saregama, one of the very few professionally managed Indian Media & Entertainment companies, is well poised to take the pole position in this growth journey.

The first Indian song ever recorded, Gauhar Jaan in 1902

WE HAVE A PROUD LEGACY WITH
LASTING FOUNDATION

We are India's oldest music label (previously operating as The Gramophone Company of India Ltd under HMV brand since 1902) with one of the most enviable music libraries in the industry. We have protected this legacy with benchmarked practices and processes, a professional team with defined organisational hierarchy and experienced leadership and investments in consumer research and technology.

A glance into our iconic library

- First ever recorded song in India by Gauhar Jaan in 1902
- First ever recording of LEGENDS (Kishore Kumar, M.S. Subbulakshmi, Mohd. Rafi, Bharat Ratna Lata Mangeshkar, Asha Bhosle, Mukesh, Ilaiyaraaja)
- First ever movies of LEGENDS (Raj Kapoor, Rajnikanth, Amitabh Bachchan, Rajesh Khanna, Rekha, Hrithik Roshan, Kareena Kapoor)
- Music of the biggest films of Bollywood
- Unheard and unexplored musical gems from legends

WE ARE WIDENING AND
DEEPENING OUR OFFERINGS

We have the most popular and extensive Indian music library with over 150K+ songs. Over the years, we have grown our library across genres and languages. We have diversified into other segments such as Music Retailing, Films, Web Series, TV Serials and Live Events.

We have strong relations with artistes and multiple licensing platforms that we continue to nurture to ensure mutual benefits.

WE SEE IMMENSE OPPORTUNITY IN INDIA

India, with over 1.4 billion people, presents immense growth opportunities for us. The music industry here is significantly underpenetrated, ranking 17th globally on revenue basis, despite India having the largest population globally. The industry's contribution to the entire M&E sector is just over 1%, with most of the revenues coming from advertising. We see a subscription-based growth story unveiling over the next 2-3 years. The Indian Music industry is expected to grow at 15% on medium term basis.

We also see significant growth potential in other M&E segments, namely Films and Live Events. Saregama has a play in each of these. These segments are expected to grow at CAGR of 10% and 22% respectively over the next 3 years. (Source: FICCI-EY Report April 2023)

WELL-CAPITALISED BALANCE SHEET TO POWER ORGANIC AND INORGANIC GROWTH

Our business is characterised by zero debt position and robust cash flow generated from operations (Rs. 1,547 Mn in FY23) which is used to continually reinforce our library through content acquisition. We also have unused QIP funds, earmarked for investments in music segment.

TECHNOLOGY-LED BUSINESS OPERATIONS

Technology is a key element in today's IP business, and we have built an in-house team to drive it. Our Technology team includes experts in security, data engineering, hardware designing, app development, etc.

We have a scalable information technology infrastructure designed to support the growth of our business and to help ensure the reliability of our operations as well as the security of customer information.

Over last 8 years, we have invested in data analytics tools, allowing us to process and analyse billions of data points that we receive monthly about the usage of our songs on our partner platforms. This allows us not only

to benchmark usage across platforms but also spot early trends allowing us to take proactive steps around placement and marketing of our songs. This was followed by building of a predictive AI model using the consumption pattern of all songs, ours and competition, on various digital platforms. This helps us make more informed decisions about which song to buy or not. It aids in spotting early trends about changing popularity of various genres of music in each of the Indian languages.

We now intend to invest and build capabilities in Generative AI. This technology has opened new possibilities for us in terms of creativity, composition, and content generation. Generative AI can assist in the creative process by providing inspiration, generating musical ideas, or helping artistes explore new directions. It can be a valuable tool to experiment with different styles, genres, or soundscapes. Generative AI can be utilised to create a pool of potential tracks that align with current music trends.

We employ technology including sophisticated algorithms and software tools to actively monitor and protect against activities that might infringe, dilute or otherwise harm our copyright, trademarks and patents. Our IT team works with our content experts to constantly monitor usage of our music by third party applications, sites and videos across social media platforms and applications to catch any unauthorised usage.

WE HAVE CHALKED AN EXCITING ROADMAP AHEAD

Leverage ability to create, monetise and extend IP lifespan

The Music Industry is expected to witness robust growth in the coming years. We intend to capitalise on this by adopting unique ways to create & monetise our IPs and extend their lifespan by:

- Aggressively acquiring new content across diverse languages and genres, both in film and non-film categories. Our data-driven decentralised decision-making process will be our competitive edge
- Finding new partners and licensing models
- Popularising our catalogue through the creation of various derivatives to cater to the choices of our younger audience
- Launching newer artistes to cater to ever-evolving younger audiences
- Capitalising on the Live Events business to grow revenues and further boost the music segment by leveraging on relationships with artistes

Creating synergies across Video & Music IP

- Leveraging the films, web series and TV serials segments, to produce content across different languages with regional stars to tap into its high-growth potential
- Optimise costs by use of songs from our music library
- These films also become a captive source of creating low-cost high-impact songs for the music business
- They also become a potent way for popularising our signed talent

RISK MANAGEMENT

EFFECTIVELY ADDRESSING THE RISKS

We are implementing a robust risk management framework and effectively managing risks arising from both internal and external environments. This proactive approach allows us to consistently deliver value to all our stakeholders, despite industry cycles and economic headwinds. Our ability to mitigate risks and adapt to changing circumstances contribute to our continued success, creating value for all those we serve.

Risks	Mitigating actions
<p>CONTENT RISKS</p> <ul style="list-style-type: none">Our ability to acquire content depends on our ability to maintain existing relationships and form new ones with creative talent and film studiosIntensified competition may result in content cost escalation which may restrict our ability to acquire content at favourable termsSuccess ratio of the content lower than set benchmarks can impact the performance	<ul style="list-style-type: none">We have positioned Saregama as the most innovative marketing company in the music business. This comforts artistes who are keen to take their music to largest number of people. The marketing prowess is even critical to film studios who rely on the popularity of their films' songs to drive audiences to theatres for the opening weekend.We offer film studios free access to our content library for usage in their films. This is structured as a barter arrangement against the cost of the new music.We adopt a bouquet approach while acquiring content with respect to languages, genre, artistes, etc. This helps mitigate the risk of individual songs / albums not giving us the desired commercial benefit.The investment we made in predictive AI and the decentralised decision-taking process helps the Company to pick winners amongst the available choices of content. We work with artistes with proven track records.
<p>LICENSING RISKS</p> <p>Inability to enter new licensing agreements or renew existing ones at attractive rates can impact our revenues.</p>	<p>Our extensive and top-quality content library across music, films, web series and TV serials make us a preferred licensing partner. Further, we have licensing agreements with multiple video/ audio/broadcasting and social media platforms. This ensures sustained business and reduces our dependence on any one business or partner. In case of films and series, revenues are secured through pre-licensing to digital platforms.</p>
<p>MACRO-ECONOMIC RISKS</p> <p>A weak macro-economic scenario coupled with high inflation can impact the disposable income of our potential addressable market.</p>	<p>Indian economy is relatively better placed with strong fundamentals and is poised for future growth with increasing per capita income. This is expected to drive healthy growth in the M&E industry. Besides rising digitisation and improving affordability is expected to drive the number of paying subscribers in India which is the least penetrated markets for music monetisation.</p>

Risks	Mitigating actions
<p>FINANCE RISKS</p> <p>Inability to have significant cash on books or financing facility can limit our ability to pay content charges, attract talented artistes and create / acquire new content.</p>	<p>We are a zero-debt company and have adequate liquidity on books to meet all present and future requirements. Our business further generates steady cash flows.</p>
<p>INFORMATION TECHNOLOGY RISKS</p> <p>Inability to invest in technology modernisation or any disruptions in IT systems can adversely impact our operations.</p>	<p>We continually invest in pioneering technologies such as predictive AI to support our operations and business growth, including for improving decision-taking on content acquisition and monitoring the content performance and piracy</p>
<p>HUMAN RISKS</p> <p>Inability to attract and retain talented employees could impair our ability to operate efficiently.</p>	<ul style="list-style-type: none">We follow a balanced scorecard approach for annual performance appraisalsWe have Employee Stock Option Scheme for eligible employeesDecentralised decision-making empowers people to take the right steps for the company's interestsMy Inputs Count (MIC) is a Company-wide survey that enables people to express their opinions freelyWe have implemented employee-friendly policies, and undertake regular engagements, surveys, learning and development programmes and health camps reinforcing our reputation as an employer of choice
<p>REGULATORY RISKS</p> <p>An unfavourable change in media and entertainment regulations including that in intellectual property rights can adversely impact our operations and results. We also face the risk of infringement of our IP.</p>	<ul style="list-style-type: none">Our regulatory team tracks all developments in laws and regulations through constant engagement with industry representative bodies and stakeholders. This also helps in anticipating potential changes and take necessary actions.While piracy levels have significantly declined in India with the support of the judicial system, we have a dedicated team to constantly monitor every infringement and take corrective action.We are part of industry body IMI (Indian Music Industry) that works closely with the government to protect interests of music industry stakeholders.

CAPITALS

FINANCIAL CAPITAL

DRIVING SHAREHOLDER VALUE CREATION WITH PRUDENT FINANCING

We strive to consistently provide healthy returns to our financial capital providers, as evidenced by our sustained growth and wealth creation over the last few years. This was achieved through new IP creation, driving efficiencies of monetisation, diversification to new high potential growth areas and use of technology in decision-taking processes. We will continue to nurture these, to gain substantial market share in the fast-growing Indian entertainment industry.

Ensuring a judicious capital allocation approach

At Saregama, we have been sustainably improving our financial position through the years, with a focus on growing business and strengthening balance sheet. We have deployed a robust financial management strategy which has helped.

We have adopted a prudent capital allocation strategy focussed on maximising shareholder returns. It has helped improve our return on capital employed (ROCE) to ~17% as on 31st March, 2023 as compared to ~14% in the previous year.

Saregama inhouse theatre

With strong potential in our business, we have identified key capital allocation focus areas for the coming years to maximise growth and value creation. These include:

- **Music business (organic growth):** We effectively deploy surplus funds generated from our operations in this business for acquiring new content and growing market share. We have also raised Rs. 7,500 Mn via qualified institutional placements (QIP) in November 2021, dedicated for investment in the music business. We remain focussed on judiciously investing surplus fund in potential growth areas aligned with our strategy.
- **Retail (Carvaan):** The % of capital employed in Retail is currently adequate for running the operations.
- **Yoodlee (Films and TV) and events:** Our strategy to scale-up operations and transform from a music label to an entertainment company is driven by Yoodlee. At any given time, the capital employed in this segment will not exceed 18% of total capital employed in the company.
- **Inorganic growth:** Inorganic investments to fill content gaps or acquiring stake in a company engaged in creation or promotion of music, will be an important focus area to strengthen our market position. QIP funds will be effectively utilised for this, subject to right valuation, financial viability, alignment with our growth strategy and adequate due diligence.
- **Surplus Funds Deployment:** The surplus QIP funds at all times will be parked in Bank FDs and highly-secured mutual fund instruments to safeguard the principal amount.
- **Repayment of debts:** Saregama is a debt-free company. However, in future, if any debt is taken, we will evaluate the decision to repay it depending on the margin of return, cost of debt, capital needs for long-term expansion, and available investible surplus.
- **Paying dividends:** Decision to pay dividends is taken by our Board in line with the dividend policy, which we will continue to follow and review periodically.

DIFFERENTIATING WITH CONTENT EXPERTISE AND MONETISATION CAPABILITIES

We have language content experts based in the respective markets, who are empowered to take content acquisition decisions aided by the Company's predictive AI model. This results in faster decision-making and a higher sense of ownership. Each of these executives are then accountable for the first five-year return curves of their acquired content.

The combination of aggressive new content acquisition along with the evergreen catalogue gives the Company an enviable edge in striking deals with maximum number of licensing partners and at better negotiated rates.

SAREGAMA: INDIA'S CULTURAL HERITAGE

Saregama is India's oldest music label and has an unmatched library of intellectual property rights (150k+) related to songs, film dialogues and background scores. The quality and diversity of our content across languages, genres and generations make us one of the most sought-after licensing partner for every audio and video platform.

HUMAN CAPITAL

BUILDING A TEAM OF ENGAGED AND PRODUCTIVE PEOPLE

Embracing diversity and fostering a culture of growth and development is key to our success. We continually strive to build a team with wide-ranging skills, experiences, and perspectives to tap into newer ideas and innovations, which can help us to differentiate in the dynamic entertainment industry. We do so by providing employees with the necessary support, resources, and opportunities to build their skills and advance their careers.

EFFICIENTLY MANAGING TALENT

Our business involves significant creativity and innovation, attracting right talent with right skillsets and driving diversity a key enabler for growth. We target attracting talent in the areas of content creation, revenue management and digital marketing. We effectively use a mix of diverse channels including hiring freshers from management schools, engaging talent partners, and leveraging social media to attract best talent.

PRIORITISING LEARNING AND DEVELOPMENT

As an organisation, we focus on training programmes pertaining to leadership, soft skills, and compliance. Leadership training focusses on developing quality in individual who hold managerial or supervisory role. A key focus was on building stronger leadership pipeline for which an Emerging Leaders Program was also conducted. We have conducted training sessions for the junior management cadre basis the requirement focussing on soft skills covering topics like team building, assertive communication, and personal productivity. With the new line of business "Live Events" added to the Organisation, a session focussing on artist management was conducted.

Saregama office

ENSURING AN ENGAGED AND MOTIVATED WORKFORCE

Employee engagement is crucial to retaining and motivating talent. An engaged employee enables maintaining strong relations with customers and other stakeholders and driving business success. We foster engagement through various team activities and festival celebrations, building camaraderie and improving satisfaction levels. Further, we have weekly 'WOW Wednesday', on which we hold events like paw day, quizzes, games, and sports.

Additionally, to ensure regular communication between the leadership team and the employees, townhalls, annual business conference was organised, where all the internal stakeholders of the organisation connected, shared information, recognised efforts, addressed challenges, and shared roadmap for future quarters / years.

ENCOURAGING DIVERSITY AND INCLUSION

Diversity and inclusion are the key drivers for building a team with diverse ideas and perspectives, and for providing equal opportunities to all. We actively promote a multicultural work culture to foster positivity and encourage collaborations. We have appropriate policies to ensure equitable outcomes for under-represented groups including women, people with special abilities and LGBTQ. Our Company is amongst the few to include LGBTQ and live-in relations of employees under mediclaim.

MIC survey

We have an annual employee engagement survey called MIC (My Inputs Count). To maintain the confidentiality of individual employee feedback, we outsource the data collection and processing job to a leading HR Consulting Firm. They also help identify key inferences and observations which are then shared with the entire senior management team for corrective actions, if any. MIC's feedback has led to many changes, be it the performance management process, employee connect, engagement activities and other initiatives.

Diversity and inclusion at Saregama

Women's day special recreation

Saregama arranged a special recreation event for women to celebrate their strength and resilience with initiatives:

- JIU JITSU based self defence with One Punch mixed Martial Arts

PROMOTING HEALTH AND WELL-BEING

Amidst the rising work stress and lifestyle challenges, our strive for the health and wellness of our employees make us an employer of choice. We undertake quarterly wellness events at office for eye, dental, diabetes, diet and BMI check-up. In addition to this, we ensure 24x7 doctor consultation support, organise an annual health check-up camp and conduct webinars and sessions related to cancers. To promote preventive healthcare and support better lifestyle, we conduct yoga events and send daily mailers on wellness.

SOCIAL AND
RELATIONSHIP CAPITAL

ENSURING GROWTH AND HOLISTIC DEVELOPMENT OF COMMUNITIES

Communities give us the social license to operate, and we believe in growing together with them. We undertake our CSR initiatives under the aegis of RP Sanjiv Goenka CSR Trust (the Trust), that undertakes focussed efforts in promoting better health and education, community development and environmental sustainability.

STRIVING FOR
WORLD-CLASS
EDUCATIONAL
FACILITIES

We firmly believe in the power of education to create a successful and prosperous society. Our focus is to facilitate high-quality education to children and support their holistic development. Aligned to this, we have been contributing to the Trust to support setting-up an IB School in Kolkata. Spread across 1.2 acres, the school will have modern facilities.

In FY23, we contributed Rs. 27 Mn towards the school's development. It is expected to be completed by FY24.

NATURAL CAPITAL

GROWING RESPONSIBLY

At Saregama, we are dedicated to delivering the best entertainment experiences while operating responsibly. We are taking necessary actions to reduce the negative impact of our operations on the environment.

The Indian Green Building Council (IGBC) has recognised our environmental efforts and awarded our Corporate office with a platinum rating.

Being in the business of entertainment, our environment impact is mostly limited to electricity and water consumption. We are undertaking focussed actions to reduce both. We have invested in energy-efficient infrastructure across our offices, which has helped in sustainably reducing electricity consumption. To prevent water wastage, we have installed water-efficient systems at urinals. Further, we continue to sensitise and train our employees to ensure controlled usage of electricity and water and prevent any kind of wastage.

FOR DIGNITY & HUMAN RIGHTS

പടവട്ട്

GOVERNANCE

LED BY GOOD GOVERNANCE PRACTICES AND STRONG LEADERSHIP

We are committed to driving transparency, fairness, and accountability through responsible governance. These practices, while powering our business strategy, value creation and ESG performance, fortify our reputation as a respected and ethical entertainment company.

GOVERNANCE AT SAREGAMA

Good governance is at the very core of how we operate our business, and we strongly believe in implementing good corporate governance across the entire organisation. Our aim is to ensure the highest standards of ethical and responsible conduct. A robust corporate governance framework ensures effective engagement with our stakeholders and helps us evolve with the changing times. We have robust cyber security and data governance practices to protect sensitive employee and consumer data.

Our Board of Directors and senior management teams are involved in driving our sustainability initiatives across the organisation and ensure policy adherence, implementation, and monitoring. Adequate independence, 5 of 9 directors being independent, ensures adherence to laws and safeguarding stakeholder interest.

ETHICAL AND RESPONSIBLE PRACTICES

The Board of Directors of the Company has adopted the "Code of Business Conduct and Ethics for Directors and Senior Management Personnel" of the organisation. The adoption of this Code of Conduct by the Board stems from the fiduciary responsibility which the Board Members and the Senior Management have towards the stakeholders in the Company. The Code is available on the website of the Company @ www.saregama.com. We have a whistle blower mechanism through which any concerning matter can be raised to the appropriate authority.

PROTECTION OF RIGHTS, DATA PRIVACY AND INFORMATION SECURITY

We employ technology including sophisticated algorithms and software tools to actively monitor and protect against activities that might infringe, dilute or otherwise harm our copyright, trademarks and patents. Our anti-infringement team works with our content experts to constantly monitor usage of our music by third party applications, sites and videos across social media platforms and applications to catch any unauthorised usage.

We ethically collect, use and share data of our artistes, consumers, partners, and all other stakeholders to maintain the trust. We have in place robust privacy measures including training relevant stakeholders on Code of Conduct, policies for handling personal data and response plans for security incidents. To secure our network appliances, servers, and workstations from cyberattack threats, we continually invest in technologies. This includes maintaining firewalls firmware, security patches and using anti-virus and malware.

RESPECTING HUMAN RIGHTS

We promote a culture that respects and upholds human rights, in line with Indian and international frameworks. This is ensured through a dedicated policy, that applies to all our business activities and people. This covers the areas of equal opportunity and non-discrimination, no forced or child labour, health and safety at workplace and grievance redressal and reporting mechanism. We also undertake to assess and address our human rights impact and take action to raise awareness within our operations.

MANAGEMENT DISCUSSION AND ANALYSIS

The digitisation trend has amplified in recent years, and Fiscal Year 2023 was no exception. The extended lockdown periods led to a significant shift in consumption patterns, with digital content becoming more entrenched in people's lives. The consequent surge in advertising and subscription revenues is a testament to this paradigm shift. Given the robust growth of the Indian economy, we foresee an accelerated expansion in the entertainment sector in the forthcoming years.

Saregama experienced a promising fiscal year, marked by an upswing in catalogue music consumption and robust returns on our new content investments. Moreover, FY23 was a pivotal period for the company as we laid the groundwork to elevate our Films & Series business.

We also ventured into new domains, launching operations in Live Music Events and Artiste Management. In line with our commitment to stay ahead in the ever-evolving industry, we continued our strategic investments in emerging technologies.

One of our key differentiators is our preparedness to harness the power of Artificial Intelligence, both predictive and generative. This proactive approach not only ensures our adaptability to the rapidly-changing tech landscape but also solidifies our position as an industry front-runner. With these initiatives, Saregama continues to strengthen its leadership role in the music industry in India.

MEDIA & ENTERTAINMENT INDUSTRY

According to FICCI, Indian M&E sector grew 20% in 2022 to reach Rs. 2.1 Trillion and is further expected to grow

at a CAGR of 10.5% to reach Rs. 2.8 Trillion by 2025. High smartphone penetration, growing societal comfort with digital consumption, falling piracy, advertising revenues moving from traditional media to digital and steady increase in subscription business are the big growth stimulators for the content economy. Content consumption in terms of views and streams is going up rapidly across all digital verticals including music streaming, video streaming, short format content apps etc, and with advertising and subscription monies trailing it.

Both Digital Advertising, which grew by 30% last year to Rs. 499 Bn, and Subscription are contributing to this revenue growth.

Content streaming is now both accessible as well as affordable, and we're still at the tip of this iceberg. There is still a large growth potential in terms of new customers coming into streaming (only 200 Mn of the 750 Mn smartphone customers are currently using music streaming apps), existing customers streaming more songs, and the revenue model shifting from ad-driven to paid subscription. Globally, ~600 Mn subscribers pay for Music streaming. Even in India, 5 out of 9 music streaming platforms have recently announced plans to fully go behind pay wall. This movement from free to paid subscription will be a big revenue booster for all music IP owners.

The film industry saw a rebound last year, with film releases at 200% of 2021 levels, and gross box office revenues crossing Rs. 100 Bn, for only the 2nd time in India's history. We are seeing a sharp change in the

audience preferences post-pandemic, with rooted relatable stories as well as massy escapism finding favour as audiences have matured with greater exposure to regional and international films. Star-driven films are being rejected by a demographic that wants something new, which has led to regional films finding that elusive "pan-India" success at a greater rate than ever before. Also, video streamers are all beefing up their regional cinema offerings as they chase subscriber growth in smaller towns. As Bong Joon-Ho, director of South Korean film Parasite said at the Golden Globes in 2020, "Once you overcome the one-inch tall barrier of subtitles, you will be introduced to so many more amazing films."

Another heartening rebound has been seen in Live events, which have grown by 129% in 2022 and expected to grow at a CAGR of 22% over the next 3 years. The oft-quoted wisdom of valuing experiences over material possessions seems to be in vogue, and can be seen by the fact that there is an increase in the share of ticketed event revenues vis-à-vis sponsorships in the live segment.

The other contributor is the changing family dynamic wherein it's increasingly acceptable for different members of the family to watch different content on their respective devices at the same time. This means not only are more hours of content being consumed per family, but also the consumed content is more varied, creating space for both traditional and new-age story content creators. The same is true for music too, as every member of the family listens to their own kind of music.

Content creators who are well-funded with strong delivery processes and the backing of an existing IP bank will be well-positioned to take advantage of this opportunity.

The other positive change is the slowly rising popularity of Indian content across global audiences. This is triggered by the easier availability of Indian content across all global digital streaming platforms, and an increasing willingness to watch content with subtitles. Here, it's not just the

A-lister films, but smaller thematic films, regional films and Indian music that's getting appreciated.

Great news for Indian content owners/creators as it will ensure higher value for every minute of content owned/created. Though theoretically speaking, the platforms can create content themselves, but in reality, the sheer volume and quality of content will ensure that most platforms work with high-quality Content Creators.

Over the next decade, over two dozen well-funded video and audio OTT platforms will fight amongst themselves and with the existing 900 TV and 360 radio stations in India for the consumer's time and money, and the weapon of choice in this war will be Content.

With its century-old experience in multiple languages Music, over twenty years of creating hit TV series, proven track record of making high-concept tight-budgeted films and in large numbers, existing relationships with leading digital platforms, TV channels and film production studios, across all Indian languages, Saregama is uniquely placed in the Content Creation ecosystem, both in audio and video.

Add to this, the Company's strength in product development, marketing, investments in data analytics and 20k+ strong retail network, and you get the most unique Content Company in India.

Saregama is pinning its growth ambitions on 3 pillars: monetising the existing IP, creating new IP, and the direct-to-consumer retail business.

IP CONTENT MONETISATION

Global Music Industry continues to grow in 2022 on the back of growth in streaming revenue to reach US\$ 26.2 Bn.

Mirroring the global trend, Indian Music Industry is also growing since 2015 due to increased digital revenues, performance rights and synchronisation rights. The Indian music segment grew 19% in 2022 to reach Rs. 22 Bn and is further expected to grow at a CAGR of 15% to reach Rs. 33 Bn by 2025. The surge in digital adoption across countries like Nepal, Bangladesh, Pakistan, Sri Lanka, etc. has led to increased uptake of popular international platforms like TikTok, YouTube, Instagram, etc. where Indian music is popularly used. The digital video business has also been growing by leaps and bounds, thanks to higher advertising spends on platforms like YouTube and faster adoption of subscription-driven platforms like Netflix, Disney+ Hotstar etc. Another big trigger is the declining content piracy, which is the result of both carrot (millions of curated songs available free at click-of-a-button on digital platforms like Spotify, Wynk etc.) and stick (joint anti-piracy initiatives between Government and Industry).

The underlying theme of Saregama's journey of the last few years has been to prepare itself to take advantage of the digital explosion happening globally. The Company has not only digitised its catalogue of 150K+ songs, but also painstakingly built rich meta data behind it. The Company has set up a special department for creating derivatives or cover versions of songs in various forms such lofi, trap mix, acoustic, etc. This dedicated effort helps the Company give a fresh life to its older content and increases popularity of catalogue. About 7k+ such songs were released in last year. Digital has allowed us to put our music everywhere, unfettered by the constraints of the conventional brick and mortar distribution network. Catalogue distribution is no longer restricted to India and extends to every corner of the world where there are Indian music fans. The Company also used this time to build a robust data analytics tool with around 100 Bn annual song usage data points. The predictive models built on the back of data analytics help sharpen our ability to pick the right song at the right price from the market.

The result of these initiatives is here for everyone to see: 11 of our songs released in 2022 crossed 100 Mn mark on our official YouTube channels; Music Licensing business has been growing at >20% p.a. for the last five years.

The continuous growth of digital infrastructure has paved the way for a massive growth in audio streaming. This is coming both on account of growing customer base as well as higher usage per customer. Currently, Saregama charges platforms on a per stream basis plus a share of advertising revenues for the advertising-based free service. This revenue has been growing steadily over the last few years. The experience of DTH in India and music services in USA, Europe, China tells us that as the consumer evolves, they move from an advertising-led free service to an ad-free premium paid service.

Also, as the music streaming platforms evolve from driving valuation to profitability, they will start pushing for more paid subscriber base. Platforms have started exploring the subscription-only model. Even if they can convert 10% of their active users to a paid service, the resultant digital revenues can propel the Indian music market towards 20% growth. This will result in a much bigger revenue opportunity for Saregama, as it contractually also gets a share of subscription revenue from the platforms.

Another equally fast-growing revenue segment for Saregama is Music Publishing, where licenses are given for our music usage (including lyrics and tune) to social media platforms, video sharing apps, general entertainment TV channels for reality shows & serials, new films (for background sync & remixes), 5-star hotels and event managers for playing music in public spaces and so on.

With the rising popularity of video streaming in India, platforms like Netflix, Disney+ Hotstar, Amazon, Zee5, Alt, etc. are aggressively investing in Indian content. Most of these new shows license Saregama-owned music, for the global territory, thus creating a rapidly-growing revenue stream for the Company. The Company has built a browser-based search functionality, using the song metadata, helping content creators find the best song fit for their situation.

Simpler technology is leading to more user generated Content being created and uploaded on platforms like YouTube, Facebook, Instagram Reels, Moj, ShareChat etc. Most of this content ends up using Saregama IP (song, lyrics), thus ensuring a publishing license being taken by these platforms.

IP CONTENT CREATION

While Saregama thrives on its legacy music catalogue, it is fully aware that it has to keep investing in new content in order to continue staying relevant even 25 years from today.

The New IP creation strategy is built on the twin planks of:

- Focus on Regional Content: Along with acquiring music of big Bollywood movies and creating Hindi digital series, Saregama is also focussed on creating content (music and films) in regional Indian languages. This emanates from our belief that the next wave of digital growth in India will come from the smaller cities, which have traditionally exhibited a tendency of leaning towards content in their own languages.
- Profitability: Saregama works on an internal guideline of 5-year payback period for all the music bought in a financial year. In case of films and series, our guideline is 15% margin post charging off the entire cost of the asset in year 1.

To this end, the Company has invested in data analytics in order to take educated decisions while investing in new content, as also in building processes that ensure "within-budget/on-time" completion of its movies and series.

NEW MUSIC

After a long break, the Company once again started acquiring new film music of Hindi and Tamil films in 2017. Since then, the Company has acquired new music content in an aggressive fashion. The strategy of new music acquisition is based on the principles of target payback period of 5 years, diversified languages and selection of content basis current audience taste. The strategy was to build up the slate over time. With the cost of new music rising, the Company's acquisition strategy is meticulously

planned, taking stock of the stature of the films, past-track record of the associated artistes, quality of the music and optimum pricing, among other factors. This has culminated in a strong pipeline of releases in FY24.

The Company also invested heavily in non-film songs to encash on the growing popularity of independent music. It launched multiple high-profile Hindi, Tamil & Punjabi songs under the brand 'Saregama Originals', helping to grow both OTT streams and YouTube views. Of the Company's focus markets, it gained no. 1 position in Telugu, Malayalam, Bhojpuri and Gujarati new music markets. It is actively competing in Hindi, Tamil, Bengali, Marathi and Kannada markets. Saregama has also signed deals with one of the biggest artistes in the country, Arijit Singh, for original non-film songs. It continues to enjoy healthy and mutually beneficial relationships with other prominent artistes such as Khesari Lal Yadav, Diljit Dosanjh, Shreya Ghoshal, Arvind Akela, Pawan Singh, Ammy Virk, Adnan Sami, Baadshah, Rakesh Barot & Kajal Maheriya, Anupam Roy, giving it a competitive edge in the market.

During this financial year, Saregama acquired worldwide audio & video rights of 1,000 plus new film and non-film songs, in perpetuity, with their monetisation kick-starting immediately via music streaming platforms, music video licensing, social media platforms etc.

Performance of the Company's music content:

The Company's music licensing revenue grew by 23% YOY on the back of strong performance of its new content and a steady growth in catalogue. About 48% of the licensing revenues of FY23 is contributed by 21st century content. This is a very happy position to be in which the new content investments are paying off along with catalogue growth ranging from 9% to 19% across songs of different decades. We are proud to share that 11 songs of the Company released in 2022 featured in the 100 Mn YouTube views club. The success of these songs led to 31% growth in YouTube subscriber base and 54% growth in YouTube views. Success of our music content was also witnessed on the OTT platforms with our songs consistently featuring in the list of chart busters across different languages. We have shared details in the corporate presentation.

Films & Series

The last few years have been favourable for the Indian film industry with the growth coming not only from domestic box-office collections but also overseas theatrical releases. Indian consumers have taken to online video viewing in big way. As per E&Y, the country is expected to become the second largest online video viewing audience globally.

This exponential growth of video consumption over digital media has encouraged the large global digital video players to launch their platforms in India. To gain a foothold in India's highly competitive OTT segment, a frenzy among the global players to partner with local content makers in order to expand their content library, is being witnessed. They are investing heavily in original content to meet the audiences demands.

Capitalising on this growing video boom, Saregama, in 2017, decided to launch into the promising business of Digital Films under the sub-brand, Yoodlee Films.

Yoodlee is a fully integrated film production studio that uses innovative strategies to make films and web series in Hindi and other Indian languages.

The focus is on talent discovery, methodical decision-making in story selection, transparent processes and profit-sharing with talent.

The Company's rich music catalogue, coupled with our ability to partner with the best of local composers and singers, ensures high quality music becomes an integral part of these films and series.

In films, the current strategy is to develop long-tail IP in regional languages. The investments in this are hedged up-front by licensing Satellite and Digital rights of the films to platforms in advance of the film's theatrical release. These films are selected basis the story, actor and director after analysing the returns on their earlier projects. In FY23, we released films in Malyalam and Punjabi languages in theatres as well as on digital platforms. Our films such as Oye Makhna, Padavettu and Kaapa garnered a very good response. FY23 saw another milestone as we released 2 web series "Hunter"

and "United Kacche" to great acclaim. Both shows were trending in ORMAX's top 10 most viewed series when they were released.

These series are made only after obtaining a licensing order from a platform which allows us to control risks. Franchise potential with subsequent seasons of a developed show is an enticing model for greater revenues in the future.

TV SERIALS

Saregama's TV serial vertical has been producing immensely popular shows for 21 years now and has over 6k hours of TV content produced for Sun TV. The nature of the contracts with the broadcaster allows us to retain the IP of all the shows produced, which further enhances and future-proofs our library. This content is being increasingly monetised on various digital platforms. Our South TV YouTube channel garnered more than 2 Bn views in FY23.

New TV serials "Iniya" & "Ilakkiya" were launched in Q3, replacing Roja and Chandralekha that completed 2,000 plus episodes. The new shows have received a very good response in terms of TRPs. Iniya has in fact already become No. 3 rated TV Serial in prime time across all Tamil channels.

NEW INITIATIVES

Saregama is an "artiste first" company.

While we pay homage to the musical virtuosos who shaped our storied past, we hold steadfast faith in future talents set to fortify our standing. This year, we've launched two strategic initiatives, creating a comprehensive platform designed to support singers, songwriters, and composers at every stage of their artistic journey.

Our first venture is a dive into the dynamic world of Live Music Events. Under the banner of "Saregama Live", we debuted with a spectacular world tour by India's premier live performance star, Diljit Dosanjh. In FY23, the concert

series spanned across diverse cities in India, the US, and Canada, totalling 14 concerts.

Further embellishing our event roster, we ventured into stage adaptations with Bollywood's classic film, Disco Dancer, which premiered to enthusiastic audiences in London. In FY23, we hosted six live shows that received widespread acclaim from spectators and the film and music fraternity alike.

We maintain a steadfast belief that live performances serve as an effective conduit for artistes to interact with existing fans and cultivate new ones. Especially in an era where content creation is rapidly merging with generative AI technologies, live shows provide a meaningful way for artistes and audiences to connect and foster relationships.

As the event producer, Saregama primarily monetises through ticket sales, supplemented by sponsorships and the exploitation of video assets across various digital mediums. With the sizeable Indian diaspora paving the way for further growth, a robust events vertical enables Saregama to attract and retain the country's premier musical talent.

Our second strategic initiative involved the launch of an Artiste Management vertical, dedicated to identifying, nurturing, and promoting emerging talent, as well as representing established artistes. This vertical synergistically works with our other revenue centers – music, film, and live events – empowering the talent we cultivate to realise their maximum potential and reach. This initiative also allows us to spotlight untapped talent, contributing to the enrichment of the industry as a whole.

In addition to the artist management vertical, Saregama actively provides opportunities for aspiring talents by allowing them to upload their creations on a dedicated channel, "Saregama Open Stage". This platform allows us to acquire content with no upfront costs while offering artistes a share in the revenue generated by streaming their songs.

DIRECT TO CONSUMER BUSINESS

The most talked about product innovation coming from India in the recent times is Saregama Carvaan.

Carvaan is a product borne out of extensive consumer research done by the Company which resulted in the highly successful combination of convenience and nostalgia in a digital audio player.

A series of highly innovative and award-winning marketing campaigns positioned it as the most coveted and talked about gifting and music brand in the country.

The Company has built a robust consumer insight-driven product development team that constantly works on newer concepts and existing product enhancements, many of which were launched this year, including Carvaan Mobile, Music Bar & Carvaan Mini Kids. We have built our own pan-India distribution network across consumer electronic, mobile handset, gifting, car accessories, and e-commerce stores etc. for retailing Carvaan. This is essential because Carvaan being a new product category, favours from a touch-and-feel experience by the customers. All this helped us to sell around 5.6 Lakhs units in FY23, registering a YOY growth of ~40%.

With retail networks and e-commerce deliveries opening up and increasing customer footfall in retail stores, Carvaan sales grew this year. Consistent with its strategy, the Company will continue operating this business with tight cost controls to optimise costs and bottom line.

The genesis of Carvaan was in innovation, and evolution remains the DNA of the product.

Now, the Company plans to extend Carvaan from being just a Product offering preloaded Saregama songs to a Platform supporting 3rd party music and podcasts through streaming.

We believe that Carvaan, the platform offering music and podcasts, can be optimally positioned as the preferred entertainment device for this age group. This will build on the gifting value of the device and also make it more of a personal entertainment device.

As the base of Carvaan grows, the platform will be utilised for building advertising and subscription revenue. It will become a highly trackable and sharply positioned way for brands to engage with 'high-disposable income' 35+ yr consumers who are generally not found on traditional media services and platforms.

Conclusion

Using our greatest strength of an enormous and irreplaceable catalogue of music, we are combining a talent for innovation with a deep understanding of the entertainment industry to become a future-ready content IP company. We, as Saregama, are confident of further strengthening our position as the partner of choice for platform businesses as well as consumers in the days to come.

All such contracts or arrangements, were entered into in the ordinary course of business and at arm's length basis and approved by the Audit Committee.

Further, there were no material contracts or arrangements or transactions entered by the Company with the Related Parties during the financial year. Therefore, the Form AOC-2 is not applicable on the Company.

13. RISK MANAGEMENT

Risk Management is the process of identification, assessment and prioritisation of risks followed by coordinated efforts to minimise, monitor and mitigate/control the probability and/or impact of unfortunate events or to maximise the realisation of opportunities.

The Company is exposed to inherent uncertainties owing to the sectors in which it operates. A key factor in determining a company's capacity to create sustainable value is the risks that the company is willing to take (at strategic and operational levels) and its ability to manage them effectively. Many risks exist in a company's operating environment and they emerge on a regular basis. The Company's Risk Management process focuses on ensuring that these risks are identified on a timely basis and addressed.

The Company is well aware of the above risks and as part of business strategy has put in a mechanism to ensure that they are mitigated by timely action. The Company has a Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. In the opinion of the Board, there are no such risks, which may threaten the existence of the Company.

14. INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal financial control systems in all areas of operation. The Board of Directors have adopted policies and procedures for ensuring the orderly and efficient conduct of business, including adherence to the Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, ensuring accuracy and completeness of the accounting records and timely preparation of reliable financial information. The services of internal and external auditors are utilised from time to time, in addition to the in-house expertise and resources. The Company continuously upgrades these systems in line with the best practices in the industry.

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements

The perspective of Saregama India Ltd. towards addressing societal challenges in business is encapsulated in the concept of a "Sustainable Earth." Its objective is to leverage information and communication technology to maximize the positive impact on society and resolve pressing issues. Saregama India Ltd. places significant emphasis on environmental management activities and actively contributes to preventing and resolving diverse environmental problems. We thoroughly analyse the mass balance within our business operations and employ this information to devise strategies aimed at minimizing our environmental footprint. The Managing Director of the Company has some wonderful thoughts and presents his perspective on the ESG as follows:

Dear Stakeholders,

Saregama is pleased to present to you its first Business Responsibility and Sustainability Report FY23 which supersedes BRR (Business Responsibility Report) developed previously. We are thankful to all our stakeholders for investing their trust & belief in us that has helped us to grow exponentially over the past years. Our approach to sustainability is not based on merely meeting compliances but goes a step beyond towards institutionalization of sustainability practices. We ensure all our business activities are conducted in accordance with ethical principles, internal policies, procedures, and relevant laws and regulations. Hence prevention of corruption and promotion of fair competition is another important dimension of the compliance efforts at Saregama. We strongly believe that success and sustainable growth of any organisation depends on creating long-lasting relationship with its stakeholders. We have created communication channels for all our stakeholders to ensure that they are granted their very own right "to be heard" to enable us address their concerns in the best possible manner. We ensure adherence to all environmental and other applicable compliances. We make sure that all our employees and value chain partners have safe, supportive and respectful workplaces where the dignity of every associate is recognized. While we can see significant changes in the lives of people we work with, our efforts to enable the economic empowerment of our communities, and to making a positive difference, will continue. While we do all this, we believe that we can deliver value and contribute our bit in furthering the sustainable development agenda. We continue to keep ourselves committed to the growth of our nation and our people at all times.

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance encompasses laws, procedures, practices and implicit rules that determine the Management's ability to make sound decisions vis-à-vis all its stakeholders - in particular, its shareholders, creditors, the State and its employees. There is a global consensus on the objective of Good Corporate Governance: Maximising long-term shareholder value.

Since shareholders are residual claimants, this objective follows from a premise that in well-performing capital and financial markets, whatever maximises shareholder value must necessarily maximise corporate value and best satisfy the claims of the creditors, the employees, and the State.

A company which is proactively compliant with the law and which adds value to itself through the Corporate Governance initiatives would also command a higher value in the eyes of present and prospective shareholders.

Saregama India Limited therefore believes that Corporate Governance is not an end in itself but is a catalyst in the process towards maximization of shareholder value. Therefore, shareholder value, as an objective, is woven into all aspects of Corporate Governance - the underlying philosophy, the development of roles and the creation of structures and continuous compliance with standard practices.

Corporate Governance, as a concept, has gained considerable importance of late, primarily because of the proposal to enshrine many of the accepted good governance principles into corporate law. The Companies Act, 2013 ('the Act') and the Securities & Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015, as amended, ('SEBI Listing Regulations') have strengthened the framework of Corporate Governance for India.

Saregama India Limited is committed to good governance practices by conducting its business in a transparent manner and creating long term sustainable shareholder value.

This report is prepared in accordance with the provisions of the SEBI Listing Regulations and the report contains the details of Corporate Governance systems and processes at Saregama India Limited.

II. BOARD OF DIRECTORS

*The Company has changed it's Registrar and Share Transfer Agent (RTA) from M/s MCS Share Transfer Agent Limited to M/s. Link Intime India Private Limited with effect from 4th March, 2023.

g. Share transfer process:

In terms of the SEBI Listing Regulations, equity shares of the Company can only be transferred in dematerialised form. Requests for dematerialisation of shares are processed and confirmation thereof is given to the respective depositories i.e. National Securities Depository Limited [NSDL] and Central Depository Services (India) Limited [CDSL], within the statutory time limit from the date of receipt of share certificates/ letter of confirmation after due verification.

A Share Transfer Sub-Committee is constituted to approve the transfers and transmissions of shares and allied matters. M/s. Link Intime India Private Limited, the Registrars and Share Transfer Agents (RTA) looks after the share transfers and redressal of investor complaints. In addition, the Company Secretary oversees the work of RTA to ensure that the queries of the investors are replied to within a reasonable period.

In compliance with the Listing Agreement, every financial year the share processing system is audited by a Practicing Company Secretary and a Certificate to that effect is issued ensuring that shares are transferred within the period specified under the applicable SEBI Listing Regulations.

In addition to that, as per the recent amendments to the SEBI Listing Regulations effective from 24th January, 2022 and SEBI's Circular dated 25th January, 2022, it has been mandated that listed companies shall henceforth issue the securities in dematerialized form only while processing the service requests for (a) issue of duplicate securities certificate; (b) claim from Unclaimed Suspense Account; (c) Renewal / Exchange of securities certificate; (d) Endorsement; (e) Sub-division / Splitting of securities certificate; (f) Consolidation of securities certificates/folios; (h) Transmission, and (i) Transposition. In accordance with the said Circular, our RTA shall verify and process the service requests and thereafter issue a 'Letter of confirmation' in lieu of physical securities certificate(s), to the securities holder/claimant. Such 'Letter of Confirmation' shall be valid for a period of 120 days from the date of its issuance, within which the securities holder/claimant shall make a request to the Depository Participant for dematerializing the said securities.

h. Dematerialisation of shares and liquidity:

The Company does not have any outstanding GDRs/ADRs/Warrants/Convertible Instruments as on 31st March, 2023.

j. The foreign exchange risk and hedging activities forms a part of the financial statements.

k. Commodity price risk or foreign exchange risk and hedging activities:

The Company operates in international markets and therefore is exposed to foreign currency risk arising from foreign currency transactions. Foreign currency risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and in foreign currencies (primarily US Dollars and GBP). The Company has foreign currency trade receivables, trade payables and advances and is therefore exposed to foreign currency risk. The risk is measured through a forecast of highly probable foreign currency cash flows.

The Company's risk management policy is hedging of net foreign currency exposure at all points in time through foreign exchange forward contracts. The objective of the hedging is to eliminate the currency risk due to volatility in exchange rates.

The Company does not deal in commodities and hence the disclosure pursuant to SEBI Circular dated 15th November, 2018 is not given.

REVISED INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SAREGAMA INDIA LIMITED
REPORT ON THE AUDIT OF THE REVISED STANDALONE FINANCIAL STATEMENTS
This Report supersedes our Report dated 19 May 2023

OPINION

We have audited the revised standalone financial statements of Saregama India Limited (the "Company") (in which are included financial information of its employee welfare trust) which comprise the revised standalone balance sheet as at 31 March 2023, and the revised standalone statement of profit and loss (including other comprehensive income), revised standalone statement of changes in equity and revised standalone statement of cash flows for the year then ended, and notes to the revised standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid revised standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and in the context of the overriding effect of the provision in the Scheme of Arrangement as approved by the National Company Law Tribunal ("NCLT"), regarding accounting of demerger from the specified retrospective appointed date give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Revised Standalone Financial Statements section of our revised report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the revised standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the revised standalone financial statements.

EMPHASIS OF MATTER

We draw attention to Note 1 and Note 34 of the revised standalone financial statements which describes the basis of revision and scheme of demerger respectively. As explained in detail therein, these revised standalone financial statements for the year ended 31 March 2023 have been prepared pursuant to the Scheme of Arrangement amongst and the Company and Digidrive Distributors Limited and their respective shareholders and creditors (the 'Scheme') for demerger of E-Commerce Distribution Business along with identified non-core assets of the Company (the "Demerged Undertaking") from the specified appointed date i.e. 1 April 2022, as approved by the National Company Law Tribunal (NCLT), Kolkata Bench, vide order dated 22 June 2023 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of the Companies, Kolkata on 12 July 2023. We further draw attention to the fact that in accordance with the scheme approved by NCLT, the Company has given effect to the Scheme from the retrospective appointed date i.e. 1 April 2022 which overrides the relevant requirement of applicable generally acceptable accounting principles in India (according to which the scheme would have been accounted for from 22 June 2023). The financial impact of the aforesaid treatment has been disclosed in the note 34.

We issued a separate auditor's report dated 19 May 2023 to the members of the Company on the standalone annual financial statements of the Company for the year ended 31 March 2023 which were first approved by the Board of Directors on 19 May 2023 ("Original standalone financial statements"). The aforesaid petition having been approved subsequently, the Company has now prepared revised standalone financial statements incorporating the impact of the demerger with effect from 1 April 2022. Consequently, our revised audit report is with reference to the revised financial statements.

Our opinion is not modified in respect of above matter.

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the revised standalone financial statements of the current period. These matters were addressed in the context of our audit of the revised standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue Recognition	
See Note 21 to revised standalone financial statements	
The key audit matter	How the matter was addressed in our audit
<p>The Company derives its revenues from the sale of contractually manufactured products; licensing of music rights and income from films and television serials including free commercial time.</p> <p>The recognition of revenue from licence fees has been considered as a key audit matter since the Company has entered into multiple complex contracts with its customers. Apart from the contractual agreements as entered, the Company recognised revenue based on the information as received from such customers.</p> <p>The complexity of these contractual terms also requires the Company to make judgments in assessing fulfillment of its obligations under the contracts to recognise the revenue in line with the accounting policy adopted.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none">• We have evaluated the terms of significant contracts pertaining to revenue from licence fees to identify the performance obligations under these contracts;• We have considered the revenue recognition policies of the Company in respect of those contracts and assessed the consistent application of these policies in light of the requirements of relevant accounting standards;• We have tested the effectiveness of relevant controls over revenue from licence fees;• We have selected sample transactions and performed substantive procedures with regard to revenue from licence fees by agreeing to the agreements and third party information received from the customers;• We tested the transactions closer to the year end to check the recognition of revenue in the correct period; and• evaluated the adequacy of the standalone financial statement disclosures required by Ind AS 115

OTHER INFORMATION

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the revised financial statements and revised auditor's report thereon.

Our opinion on the revised standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the revised standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the revised standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S AND BOARD OF DIRECTORS'/BOARD OF TRUSTEES RESPONSIBILITIES FOR THE REVISED STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these revised standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company/Board of Trustees of the employee welfare trust ("Trust") are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company/Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the revised standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the revised standalone financial statements, the respective Management and Board of Directors/Board of Trustees are responsible for assessing the ability of Company/Trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/Board of Trustees either intends to liquidate the Company/Trust or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors/Board of Trustees are responsible for overseeing the financial reporting process of the Company/Trust.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE REVISED STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the revised standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a revised auditor's report that includes our revised opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these revised standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the revised standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our revised opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our revised opinion on whether the company has adequate internal financial controls with reference to revised financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of revised standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our revised auditor's report to the related disclosures in the revised standalone financial statements or, if such disclosures are inadequate, to modify our revised opinion. Our conclusions are based on the audit evidence obtained up to the date of our earlier auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the revised standalone financial statements, including the disclosures, and whether the revised standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the revised standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our revised auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our revised report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

In accordance with the provisions of Standard on Auditing 560 (Revised) 'Subsequent Events' issued by The Institute of Chartered Accountants of India, our audit procedures, in so far as they relate to the revision to the Standalone Financial Statements, have been carried out solely on this matter and no additional procedures have been carried out for any other events occurring after 19 May 2023 (being the date of our earlier audit report on the Original standalone financial statements).Our earlier audit report dated 19 May 2023 on the Original standalone financial statements is superseded by this revised report on the revised standalone financial statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the back-up of one of its ERP system which form part of the 'books of account and other relevant books and papers in electronic mode' have not been maintained on the servers physically located in India.

c. The revised standalone balance sheet, the revised standalone statement of profit and loss (including other comprehensive income), the revised standalone statement of changes in equity and the revised standalone statement of cash flows dealt with by this revised Report are in agreement with the books of account.

d. In our opinion, the aforesaid revised standalone financial statements, read with note 34 therein and the Emphasis of Matter paragraph above, comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above.

g. With respect to the adequacy of the internal financial controls with reference to revised financial statements of the Company and the operating effectiveness of such controls, refer to our separate revised Report in "Annexure B".

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

- B. With respect to the other matters to be included in the Revised Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its revised standalone financial statements - Refer Note 37 to the revised standalone financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

d. (i) The management of the Company has represented to us that, to the best of its knowledge and belief, as disclosed in the Note 11.5 to the revised standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management of the Company has represented to us that, to the best of its knowledge and belief, as disclosed in the Note 11.5 to the revised standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The interim dividend declared and paid by the Company during the year and until the date of this audit report is in accordance with Section 123 of the Act.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- C. With respect to the matter to be included in the Revised Auditor's Report under Section 197(16) of the Act
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to one director is in excess of the limit laid down under Section 197 read with Schedule V of the Act, however necessary approval with respect to the same has been obtained by the Company (refer note 35 of the revised standalone financial statements). The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED STANDALONE FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023

(Referred to in Paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our revised report of even date)

This Report supersedes our Report dated 19 May 2023

- (i)

(a)

(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B)

The Company has maintained proper records showing full particulars of intangible assets.
- (b)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 3 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the revised standalone financial statements are held in the name of the Company.
- (d)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii)

(a)

The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made investments in companies and granted loans to companies and other parties during the year, in respect of which the requisite information is given

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE REVISED CONSOLIDATED FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023 (contd.)

below under respective sub-clauses. The Company has not made any investments in firms, Limited Liability Partnerships or any other parties. The Company has not granted loans, secured or unsecured to firms or Limited Liability Partnerships.

- (a)

Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to companies and other parties as below:

Particulars	Loans (Rs. in lakhs)
Aggregate amount during the year	
- Subsidiaries	21.05
- Others	381.43
Balance outstanding as at balance sheet date	
- Subsidiaries	NIL
- Others	2,621.31

- (b)

According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made during the year and the terms and conditions of the grant of loans provided during the year are, prima facie, not prejudicial to the interest of the Company.
- (c)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the loans given to subsidiaries are repayable on demand. As informed to us, the Company has not demanded repayment of the loan and interest during the year. Thus, there has been no default on the part of the party to whom the money has been lent. In case of interest free loans given to other parties, the repayment of principal has been stipulated, however no amount is due to be received during the year. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d)

According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e)

ANNEXURE B TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED STANDALONE FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023

Revised Report on the internal financial controls with reference to the aforesaid revised standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act
(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our revised report of even date)
This Report supersedes our Report dated 19 May 2023

OPINION

We have audited the internal financial controls with reference to revised financial statements of Saregama India Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the revised standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to revised financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to revised financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

EMPHASIS OF MATTER

We draw attention to Note 1 and Note 34 of the revised standalone financial statements which describes the basis of revision and scheme of demerger respectively. As explained in detail therein, these revised standalone financial statements for the year ended 31 March 2023 have been prepared pursuant to the Scheme of Arrangement amongst and the Company and Digidrive Distributors Limited and their respective shareholders and creditors (the 'Scheme') for demerger of E-Commerce Distribution Business along with identified non-core assets of the Company (the "Demerged Undertaking") from the specified appointed date i.e. 1 April 2022, as approved by the National Company Law Tribunal (NCLT), Kolkata Bench, vide order dated 22 June 2023 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of the Companies, Kolkata on 12 July 2023. We further draw attention to the fact that in accordance with the scheme approved by NCLT, the Company has given effect to the Scheme from the retrospective appointed date i.e. 1 April 2022 which overrides the relevant requirement of applicable generally acceptable accounting principles in India (according to which the scheme would have been accounted for from 22 June 2023). The financial impact of the aforesaid treatment has been disclosed in the note 34.

We issued a separate auditor's report dated 19 May 2023 to the members of the Company on the standalone annual financial statements of the Company for the year ended 31 March 2023 which were first approved by the Board of Directors on 19 May 2023 ("Original standalone financial statements"). The aforesaid petition having been approved subsequently, the Company has now prepared revised standalone financial statements incorporating the impact of the demerger with effect from 1 April 2022. Consequently, our revised audit report is with reference to the revised financial statements.

Our opinion is not modified in respect of above matters

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to revised financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to revised financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under

ANNEXURE B TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED STANDALONE FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023 (contd.)

Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to revised financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to revised financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to revised financial statements and their operating effectiveness. Our audit of internal financial controls with reference to revised financial statements included obtaining an understanding of internal financial controls with reference to revised financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the revised standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to revised financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO REVISED FINANCIAL STATEMENTS

A company's internal financial controls with reference to revised financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of revised standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to revised financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of revised standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the revised standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO REVISED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to revised financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to revised financial statements to future periods are subject to the risk that the internal financial controls with reference to revised financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OTHER MATTER

In accordance with the provisions of Standard on Auditing 560 (Revised) 'Subsequent Events' issued by The Institute of Chartered Accountants of India, our audit procedures, in so far as they relate to the revision to the Standalone Financial Statements, have been carried out solely on this matter and no additional procedures have been carried out for any other events occurring after 19 May 2023 (being the date of our earlier audit report on the Original standalone financial statements). Our earlier audit report dated 19 May 2023 on the Original standalone financial statements is superseded by this revised report on the revised standalone financial statements.

Notes

to the revised standalone financial statements for the year ended 31 March 2023

BACKGROUND

Saregama India Limited ("the Company") is a Company limited by shares, incorporated and domiciled in India. The Company is engaged in the business of manufacturing and sale of Music storage device viz. Carvaan, Music Card, Audio Compact Discs, Digital Versatile Discs and dealing with related music rights. The Company is also engaged in production and sale/telecast/broadcast of films/Tv Serials, pre-recorded programmes and dealing in film rights. Equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is located in Kolkata, West Bengal, India.

1 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the Company in the preparation of its standalone financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these standalone financial statements.

(a) Basis of preparation

The standalone financial statements of the Company for the year ended 31 March 2023 were first approved by the Board of Directors on 19 May 2023 ("Original financial statements") without giving effect to the Scheme of Arrangement since the application seeking approval of the said Scheme was pending before the National Company Law Tribunal, Kolkata Bench as of that date. These revised standalone financial statements were approved and authorised for issue by the Board of Directors of the Company at their meeting held on 27 July 2023. The Original standalone financial statements of the Company are being revised pursuant to an approved Scheme of Arrangement, the details of which are stated in Note 34.

(i) Compliance with Ind AS

These standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Basis of measurement

(a) Historical cost convention

- The standalone financial statements have been prepared on a historical cost basis, except for the following:
- Certain financial assets and liabilities (including derivative instruments) that is measured at fair value;
 - Net Defined benefit (assets)/Liability - Fair value of plan assets less present value of defined benefit obligations; and
 - Share based payments.

(b) Functional and presentation currency

Items included in the standalone financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The standalone financial statements are presented in Indian Rupee (Rs.), which is the Company's functional and presentation currency.

(iii) Current versus non-current classification

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013 and Ind AS 1 - Presentation of financial statement based on the nature of products / service and the time between the acquisition of assets for processing / providing the services and their realisation in cash and cash equivalents. The Company has ascertained its operating cycle as 12 months for the purpose of current, non current classification of assets and liabilities.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

Current assets include the current portion of non-current financial assets.
All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.
All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Revenue recognition

The Company has applied Ind AS 115, Revenue from Contracts with Customers, which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from the sale of products is recognised at the point in time when control is transferred to the customer. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.
- Revenue from Music licensing where the customer obtains a "right to use" is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period.
- Revenue from the sale of television serial episodes is recognised upfront at the point in time when the episode is delivered to the customer.
- Revenue from sale of free commercial time (net of trade discount, as applicable) are recognised when the related advertisement or commercials appears before the public, i.e. on telecast.
- Revenue from theatrical distribution is recognised on exhibition of films. In case of distribution through theatres, revenue is recognised on the basis of box office reports received from various exhibitors. Contracted minimum guarantees are recognised on theatrical release.
- Revenue from Sale of films rights are recognised on assignment of such rights as per terms of the sale/licencing agreements.

The billing schedules agreed with customers include periodic payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Use of significant judgements in revenue recognition :

- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

Government Grant

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria

Accordingly, government grants by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

(c) Property, plant and equipment - (PPE)

All items of property, plant and equipment other than freehold land are stated at historical cost i.e. cost of acquisition/ construction or at deemed cost as on the date of transition to Ind AS less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Revaluation of Land is made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date. When the fair value differs materially from its carrying amount, the carrying amount is adjusted to the revalued amount. The fair value is determined based on appraisal undertaken by a professionally qualified valuer.

Depreciation method, estimated useful lives and residual values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over the estimated useful lives of the asset as prescribed under Schedule II to the Companies Act, 2013.

The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amounts.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are included in profit or loss within 'Other Income'/'Other Expenses'.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as 'Capital Advances' under other non-current assets.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(d) Investment properties

Properties that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Investment properties are depreciated using the straight-line method over their estimated useful lives of the assets as prescribed under Schedule II to the Companies Act, 2013.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment properties recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

(e) Intangible assets

Intangible assets has a finite useful life and are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

(i) Music Copyrights

Outright acquisition of music copyrights wherein future economic benefits are established are capitalised. They have finite useful lives and are subsequently carried at cost less accumulated amortisation and impairment losses.

(ii) Computer Software

Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation method and year

The Company amortises intangible assets with a finite useful lives using the straight-line method over the following periods:

Music Copyrights acquired through outright purchase are amortised over a period of one to ten years from the date of release of Music. The Company reviews the expected future revenue potential at the end of each accounting period and recognises impairment loss, where required.

Softwares are amortised on a straight line basis over a period of three to five years from the date of capitalisation.

Advances paid towards the cost of intangible assets outstanding at each balance sheet date is classified as 'Capital advances' under other non- current assets.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

(f) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

(g) Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii)the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Under the erstwhile standard Ind AS 17, operating lease payments as per terms of the agreement, were recognised as an expense in the Statement of Profit and Loss on a straight line basis, except where another systematic basis was more representative of the time pattern in which economic benefits from the leased asset were consumed.

Effective 01 April 2019, the Company adopted Ind AS116 'Leases' and applied the standard to lease contracts existing on 01 April 2019 using the modified retrospective method on the date of initial application. Consequently, the lease liabilities is recognized at the present value of lease payment discounted at the weighted average incremental borrowing rate and same amount is recognized for ROU assets.

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term and low value leases on the date of initial application.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

(h) Inventories

Physical inventory (caravan, music card and others): Inventories are valued at lower of cost and net realisable value. The cost is determined on weighted average basis, and includes, where applicable, appropriate share of overheads, the same is charged off on sale of goods. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods. Provision is made for obsolete / slow moving / defective stocks, where necessary.

Music rights are stated at lower of cost / unamortised cost or net realisable value. Cost comprises acquisition / direct production cost. Music rights are amortised over a period of one to ten years from the date of release of Music.

Untelecasted television serials are valued at lower of cost and net realisable value. Cost comprises direct production cost. Cost of a television serial is fully expensed on telecast/broadcasting.

Digital Films are stated at lower of cost / unamortised cost or net realisable value. Cost comprises acquisition / direct production cost. Expenses of under production films incurred till the films are ready for release are inventorised. Cost of digital films are recognised as expense in Statement of Profit and Loss as per the terms of Licencing of multiple digital rights.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Investments in subsidiaries

Investments in subsidiaries are carried at cost less provision for impairment, if any. Investments in subsidiaries are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of investments exceeds its recoverable amount.

Transition to Ind AS

On transition to Ind AS, the Company has elected to measure its investments in all its subsidiaries at its previous GAAP carrying value and use those values as the deemed cost of such investments.

(j) Investments (other than investments in subsidiaries) and other financial instruments

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss); and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

In accordance with Ind AS 101, the Company had irrevocably designated its investment in equity instruments as FVOCI on the date of transition to Ind AS.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Equity Instruments : The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other Income' in the Statement of Profit and Loss.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets which are not fair valued through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32(A) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach as per Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL.

(vi) Financial liabilities through fair value through profit or loss (FVTPL)

A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in Statement of Profit and Loss. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

(vii) Financial liabilities at amortised cost

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of Profit and Loss.

Any gain or loss on derecognition is also recognised in Statement of Profit and Loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to the short maturity of these instruments.

(viii) Fair value of financial instruments

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(k) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(l) Trade receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(m) Cash and cash equivalents

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(n) Trade payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(o) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(p) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred, unless they are capitalised.

(q) Foreign currency transactions and translation

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year - end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Foreign currency non-monetary items carried in terms of historical cost are reported using the exchange rate at the date of the transactions.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(r) Employee benefits expense

(i) Short-term employee benefits

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as 'Employee Benefits Payable' within 'Other Current Liabilities' in the Balance Sheet.

(ii) Other long-term employee benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

(iii) Post-employment benefits

Defined benefit plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. These are included in 'Retained Earnings' in the Statement of Changes in Equity in the balance sheet.

Defined contribution plans

The Company has certain defined contribution plans viz. provident fund and superannuation fund. Contributions for provident fund are made at specified percentage of the covered employee's qualifying salary to a government administered fund. Contribution for superannuation fund are made yearly based on a specified percentage of each covered employee's salary to a Trust set up by the Company. Contributions under Defined Contribution Plans are recognised as expenses for the period in which the employee has rendered the service.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via Saregama Employee Stock Options Scheme 2013, Stock Appreciation Rights Scheme 2014.and Stock Appreciation Rights Scheme 2018.

Employee Options

The fair value of the options granted under the Saregama Employee Stock Option Scheme 2013 is recognised as an employee benefits expense in the statement of profit and loss with a corresponding increase in equity. The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and risk free interest rate for the term of the option.The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions (e.g., the entity's share price);
- excluding the impact of any services and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period); and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specified period of time).

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit or loss, with a corresponding adjustment to equity.

Share appreciation rights

Liabilities for the Company's Share Appreciation Rights (SAR), granted pursuant to Company's share appreciation rights schemes, is measured initially and at the end of each reporting period until settled, at fair value of the SAR, by applying option pricing model, and is recognised as employee benefit expense over the relevant service period. The liabilities are presented as employee benefits obligations in the balance sheet.

(s) Royalty

Minimum Guarantee Royalty is recognised as expense within the license period or ten years, whichever is earlier. Royalty on sales, other than physical sales, is provided on the basis of management's best estimate of the expenditure required to settle the obligation. Other royalty payments are charged at agreed rates on related sales.

(t) Income tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses, as applicable.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, if any, only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(u) Provisions and contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

(v) Dividend Distribution

Dividends paid are recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

(w) Earnings per share

(i) Basic earnings per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(x) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

(y) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

2 CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This Note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the standalone financial statements.

The areas involving critical estimates or judgements are:

Employee benefits (estimation of defined benefit obligations) - **Notes 1(r) and 29**

Post-employment benefits represent obligations that will be settled in future and require assumptions to estimate benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of benefit costs over the employees' approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

Impairment of trade receivables - **Notes 1 (j)(iii) and 32**

For impairment of trade receivable, Company applies the simplified approach permitted by Ind AS 109,'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Estimation of expected useful lives of property, plant and equipment - **Notes 1(c) and 3**

Management reviews its estimate of useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

Contingencies - **Notes 1(u) and 37**

Legal proceedings covering a range of matters are pending against the Company. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Company often raise factual and legal issues that are subject to uncertainties and complexities, including the facts and circumstances of each particular case/claim, the jurisdiction and the differences in applicable law. The Company consults with legal counsel and other experts on matters related to specific litigations where considered necessary. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

Valuation of deferred tax assets - **Notes 1(t) and 16**

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred tax benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

Fair value measurements - **Notes 1(j)(viii) and 31**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

One to five years	14.33	76.28
More than five years	-	-
Total	76.28	145.70

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The Company has incurred expenses relating to short term leases and leases of low value assets for certain accommodation. Terms of such lease include option for renewal on mutually agreed terms. There are no restrictions imposed by lease arrangements and there are no purchase options or sub leases or contingent rents. Operating lease rentals for the year recognised in Statement of Profit and Loss amounts to **Rs.352.62 Lakhs** (2021-22 - Rs.325.05 Lakhs).

The total cash outflow for leases is **Rs.422.04 Lakhs** (2021-22 - Rs.378.09 Lakhs) for the year, including cash outflow for short term leases and leases of low value assets.

COMPANY AS A LESSOR

Rent income includes payments of **Rs.21.12 Lakhs** (2021-22 - Rs.18.90 Lakhs) for the year relating to agreements entered into by the Company. There are no restrictions imposed by lease arrangements and there are no contingent rents recognised as income for the period. These lease arrangements inter alia include escalation clause/option for renewal.

The following table sets out a maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date.

Estimation of fair value

The Company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company consider information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- discounted cash flow projections based on reliable estimates of future cash flows
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

6.1 The amortisation expense of intangible assets have been included under 'Depreciation and amortisation expense' in the Statement of Profit and Loss (Refer Note 26).

6.2 Change in estimates:

Given the increased consumption of content along with outlook for the music market, The management has reviewed the useful life of Music rights, which has led to a change in the amortization method of music rights and catalogues effective from 01 April 2022, which notably resulted in an extension of the amortization period to 10 years. As part of this review, the Company concluded that the value of music rights and catalogues had increased, and that the useful life was longer than previously estimated. The effect of these changes on actual and expected amortization expense is as follows:

Contract Balances

The following table provides information about receivables, contract assets and contract liabilities from contracts with customers.

Particulars	As at 31 March 2023	As at 31 March 2022
Receivables, which are included in 'trade receivables' (Refer Note 11.2)	15,133.24	10,751.04
Contract liabilities, which are included in 'income received in advance' (Refer Note 18)	7,744.60	3,125.27

The contract assets primarily relate to the Company's rights to consideration for services rendered but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to the customer.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue from the sale of products is recognised at the point in time when control is transferred to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time.

Invoicing in excess of earnings are classified as contract liability.

Changes in contract liabilities are as follows:

Particulars	As at 31 March 2023	As at 31 March 2022
Balance at the beginning of the year	3,125.27	1,743.43
Revenue recognised that was included in the contract liabilities at the beginning of the year	(3,125.27)	(1,743.43)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	7,744.60	3,125.27
Balance at the end of the year	7,744.60	3,125.27

The Company has entered into a few contracts where the period between the transfer of the promised goods or services to the customer and payments by the customer exceeds one year and hence, there exists a financing component included in such contracts. On evaluation of the terms of the contracts, the effects of financing have not been found to be significant and the same has been adjusted accordingly.

Reconciliation of revenue recognised with the contracted price is as follows:

Particulars	As at 31 March 2023	As at 31 March 2022
Contracted prices	66,831.00	56,332.16

29 ASSETS AND LIABILITIES RELATING TO EMPLOYEE BENEFITS

(I) Post-employment defined benefit plans:

(A) Gratuity (funded)

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the plan, the Saregama India Limited Employees Group Gratuity Fund (Gratuity Fund), administered and managed by the Trustees and funded primarily with Life Insurance Corporation of India (LIC) and ICICI Prudential Life Insurance Company Limited, make payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Trustees are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and rules in the best interests of the plan participants. Each year an Asset-Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles. Investment and contribution policies are integrated within this study. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 1(r)(iii) in significant accounting policies, based upon which, the Company makes contributions to the Employees' Gratuity Funds.

Notes

(a) Fund with Life Insurance Corporation of India	69%	68%
(b) NAV based Group Balanced Fund with ICICI Prudential Life Insurance Company Limited	16%	17%

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

Particulars	31 March 2023	31 March 2022
(c) NAV based Group Short Term Debt Fund with ICICI Prudential Life Insurance Company Limited	7%	7%
(d) NAV based Group Debt Fund with ICICI Prudential Life Insurance Company Limited	8%	8%
	100%	100%
(h) Maturity profile of defined benefit obligation:		
Within 1 year	179.31	159.30
1-2 year	59.32	39.52
2-5 years	225.10	191.52
Over 5 years	539.64	488.70
(i) Principal actuarial assumptions:	31 March 2023	31 March 2022
Discount rate	7.20%	6.70%
Salary growth rate	10.00%	10.00%
Return on plan assets	8.00%	8.00%
Withdrawal rate		
Ages from 20-35	20.00%	20.00%
Ages from 36-58	5.00%	5.00%

Assumptions regarding future mortality experience are based on mortality tables of 'Indian Assured Lives Mortality (2006-2008)' published by the Institute of Actuaries of India.

The estimate of future salary increases takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

(j) Sensitivity analysis	Change in Assumption	Impact on defined benefit obligation (2022-23)	Impact on defined benefit obligation (2021-22)
Discount rate	Increase by 1%	Decrease by Rs.49.03 Lakhs	Decrease by Rs.45.53 Lakhs
	Decrease by 1%	Increase by Rs.56.15 Lakhs	Increase by Rs.52.35 Lakhs
Salary growth rate	Increase by 1%	Increase by Rs.54.14 Lakhs	Increase by Rs.50.23 Lakhs
	Decrease by 1%	Decrease by Rs.48.31 Lakhs	Decrease by Rs.44.67 Lakhs

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the defined benefit obligation recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

- (k) The Company expects to contribute **Rs.108 Lakhs** (previous year - Rs.100 Lakhs) to the funded gratuity plans during the next financial year.
- (l) The weighted average duration of the defined benefit obligation as at 31 March 2023 is **7 years** (31 March 2022 - 8 years).

(II) Post-employment defined contribution plans

(A) Superannuation fund

Certain categories of employees of the Company participate in superannuation, a defined contribution plan administered by the Trust set up by the Company. The Company makes yearly contributions based on a specified percentage of each covered employee's salary. The Company has no further obligations under the plan beyond its annual contributions.

During the year, an amount of **Rs.10.89 Lakhs** (previous year- Rs.10.16 Lakhs) has been recognised as expenditure towards above defined contribution plan of the Company.

(B) Provident fund

All categories of employees of the Company receive benefits from a provident fund, a defined contribution plan. Both the employee and employer make monthly contributions to a government administered fund at specified percentage of the covered employee's qualifying salary. The Company has no further obligations under the plan beyond its monthly contributions.

During the year, an amount of **Rs.220.78 Lakhs** (previous year- Rs.192.27 Lakhs) has been recognised as expenditure towards above defined contribution plan of the Company.

(III) Leave obligations

The Company provides for accumulation of leave by certain categories of its employees. These employees can carry forward a portion of the unutilised leave balances and utilise it in future periods or receive cash (only in case of earned leave) in lieu thereof as per the Company's policy. The Company records a provision for leave obligations in the period in which the employee renders the services that increases this entitlement.

The total closing provision towards this obligation was **Rs.485.40 Lakhs** and Rs.437.41 Lakhs as at 31 March 2023 and 31 March 2022 respectively. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

Particulars	31 March 2023	31 March 2022
Leave provision not expected to be settled within the next 12 months (Refer Note 15)	414.26	366.75

(IV) Risk exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

30 SHARE BASED PAYMENTS

(a) Employee stock option scheme

The establishment of the Employee Stock Option Scheme 2013 (Scheme) was approved by the shareholders at the Annual General Meeting held on 26 July 2013. The Scheme is designed to provide incentives to eligible employees to deliver long term returns. Under the Scheme each Option entitles the holder thereof to apply for and be allotted one equity shares of the Company of Re.1 each upon payment of the exercise price during the exercise period as defined in the Scheme. The exercise period commences from the date of vesting of the Options and expires at the end of 10 years from the date of vesting. The Options have been granted at the 'market price' as defined under the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended.

Information in respect of Options granted under the Scheme:

Pursuant to approved Scheme, the Compensation Committee / Nomination and Remuneration Committee of the Board of Directors has granted shares / options during 2020-21, 2021-22 and 2022-23 to certain eligible employees and outstanding as on 31 March 2023 at the following exercise price, being prevailing market price as on date of grant to respective employee.

Name of eligible employees	As at 31 March 2023		As at 31 March 2022	
	No. of options/ shares #	Exercise price per share (Rs.)	No. of options/ shares #	Exercise price per share (Rs.)
Scheme Part I **	20,000	41.62	2,00,000	41.62
Scheme Part II @	-	-	1,00,000	175.04
Scheme Part III **	2,00,000	399.35	-	-
Scheme Part IV **	12,00,000	368.53	-	-

After giving effect of share split (Refer Note 14.1).

@ Exercise of options by the option holders shall entail issuance of equity shares by the Company on compliance / completion of related formalities on the basis of 1:1.

** The Nomination and Remuneration Committee of the Board of Directors in its meeting held on 8 May 2019, has recommended amendments to the clauses in the ESOS 2013 to effect implementation of the said scheme through Saregama Welfare Trust and the same has been approved by the shareholders in the Annual General Meeting held on 19 July 2019. Basis the above modification, ESOS 2013 is being implemented through a trust viz. Saregama Welfare Trust ("Trust") in accordance with the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended ("SEBI SBEB Regulations"). This involves secondary market acquisition of the Company's equity shares by the Trust.

Measurement of fair value

The fair value of Employee Stock Options as on the date of grant was determined using the Black Scholes Model which takes into account the share price at the measurement date, expected price volatility of the underlying share, the expected dividend yield and risk free interest rate and carrying amount of liability included in employee benefit obligations.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

The fair value of the options and the inputs used in the measurement of fair value as on the grant date are as follows:

Particulars	Scheme Part I	Scheme Part II	Scheme Part III	Scheme Part IV
Grant date	30-Jun-20	26-Apr-21	13-Aug-22	23-Dec-22
Fair value at grant date (Rs.)	24.43	109.50	163.70	125.67
Share price at grant date (Rs.)	42.68	176.03	400.10	376.40
Exercise price (Rs.)	41.62	175.04	399.35	368.53
Expected volatility	55.80%	54.56%	50.15%	44.64%
Expected Life (expected weighted average remaining life)	6.24	8.00	3.50	2.50
Expected dividend	0.58%	0.58%	0.75%	0.80%
Risk free interest rate (based on Government bonds)	5.56%	6.18%	6.88%	7.15%

Expected volatility has been based on the evaluation of the historical volatility of the Company's share price, particularly over the historical period commensurate with the expected term. The Expected term of the instruments has been based on the historical experience and general option holder behaviour.

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are

- (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows below.

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

The fair value of trade receivables, cash and cash equivalents, other bank balances, loans and deposits, trade payables, borrowings, lease liabilities and other financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. The fair values of unquoted equity instruments were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk. There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has classified certain financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year ended 31 March 2023 and 31 March 2022.

Particulars	Fair Value Hierarchy Level	As at 31 March 2023	As at 31 March 2022
Financial assets			
Measured at fair value through OCI (Refer Note 34)			
Investments			
Equity instruments (quoted)	1	-	14,372.84
Equity instruments (un-quoted)	3	-	155.42
		-	14,528.26
Measured at fair value through profit and loss			
Investments			
Units of Mutual funds (quoted)	1	21,235.62	50,570.95

Since, some of the Company's financial assets as mentioned in above table are carried at fair value for which Level 3 inputs have been used. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and inputs used).

Particulars	Valuation Technique	Significant unobservable inputs	Sensitivity	
			31 March 2023	31 March 2022
Unquoted Equity Instruments	Discounted cash flow	Earning growth rate/Discounting rate	-	Increase in earning growth rate by 1% and lower discount rate by 1% would increase fair value by Rs.281.27 Lakhs.
			-	Decrease in earning growth rate by 1% and higher discount rate by 1% would decrease fair value by Rs.56.72 Lakhs.

32 FINANCIAL RISK MANAGEMENT

The Company has a system-based approach to risk management, anchored to policies and procedures aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulation. It also seeks to drive accountability in this regard.

This Note explains the sources of risk which the entity is exposed to and how the entity manages the risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(A) Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks).

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed by respective segment subject to the Company's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. The Company's customer base is large and diverse limiting the risk arising out of credit concentration. Further, credit is extended in business interest in accordance with business-specific credit policies. The Company's exposure to trade receivables on the reporting date, net of expected loss provisions, stood at **Rs.15,133.24 Lakhs** as on 31 March 2023 (31 March 2022 - Rs.10,751.04 Lakhs).

All overdue customer balances are evaluated taking into account the age of the dues, specific credit circumstances, the track record of the counterparty etc. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

The movement of the expected loss provision (allowance for bad and doubtful receivables) made by the Company are as under:

Particulars	Expected loss provision	
	As at 31 March 2023	As at 31 March 2022
Opening balance	1,010.60	1,008.87
Add: Provision made during the year (net)	631.18	1.73
Closing balance	1,641.78	1,010.60

Other financial assets

Credit risk from balances with banks, term deposits and investments is managed by Company's finance department. Investments in fixed deposits are held with highly rated banks. Investments of surplus are made within assigned credit limits with approved counterparties who meet the threshold requirements with respect to ratings, financial strength, credit spreads etc. Counterparty credit limits are set to minimize concentration risk and are reviewed periodically by the Board of Directors.

The Company's maximum exposure to credit risk for the components of the Balance Sheet as of 31 March 2023 and 31 March 2022 is the carrying amounts as disclosed in Note 8.1, 8.2, 11.1, 11.3, 11.4, 11.5 and 11.6.

(B) Liquidity risk

Liquidity risk refers to the risk that the Company fails to honour its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the company's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The following table shows a maturity analysis of the anticipated cash flows including interest obligations for the Company's non-derivative financial liabilities on an undiscounted basis, which therefore does not differ significantly from their carrying value as the impact of discounting is not significant.

Non-derivative financial liabilities	As at 31 March 2023			
	Less than one year	One to five years	More than five years	Total
(i) Trade payables (Refer Note 17.1)	6,733.66	-	-	6,733.66
(ii) Lease liabilities (Refer Note 4)	61.95	14.33	-	76.28
(iii) Other financial liabilities (Refer note 17.2)	5,427.41	-	-	5,427.41
	12,223.02	14.33	-	12,237.35

Non-derivative financial liabilities	As at 31 March 2022			
	Less than one year	One to five years	More than five years	Total
(i) Trade payables (Refer Note 17.1)	6,164.20	-	-	6,164.20
(ii) Lease liabilities (Refer Note 4)	69.42	76.28	-	145.70
(iii) Other financial liabilities (Refer note 17.2)	4,089.60	-	-	4,089.60
	10,323.22	76.28	-	10,399.50

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

The Company does not have derivative financial liabilities as at the end of above mentioned reporting periods.

The Company is having cash credit facility and the same carries interest of **8.10% to 9.15% p.a.** (2021-22: 7.70% to 8.40% p.a.). The facility is unutilised as on 31 March 2023 and 31 March 2022. Cash Credit facility was secured by first pari passu charge (ranking pari passu with all consortium bankers) over the whole of the current assets of the Company including its inventories, bills receivable and book debts and all other movables, both present and future whether now lying loose or in cases wherever they may be situated and also by the second charge on the Company's movable fixed assets, both present and future ranking pari passu without any preference or priority of one over the others.

(C) Market risk

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and in foreign currencies (primarily US Dollars and GBP). The Company has foreign currency trade receivables, trade payables and advances and is therefore exposed to foreign currency risk. The risk is measured through a forecast of highly probable foreign currency cash flows.

The Company's risk management policy is hedging of net foreign currency exposure at all points in time through foreign exchange forward contracts. The objective of the hedging is to eliminate the currency risk due to volatility in exchange rates.

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

	As at 31 March 2023		As at 31 March 2022	
	Financial Assets	Financial Liabilities	Financial Assets	Financial Liabilities
USD	891.61	10.21	646.25	3.58
GBP	656.87	12.33	302.60	-
Others	113.55	17.76	155.25	2.44
Total	1,662.03	40.30	1,104.10	6.02

Net Exposure to Foreign Currency Risk (Assets - Liabilities)		As at 31 March 2023	As at 31 March 2022
USD		881.40	642.67
GBP		644.54	302.60
Others		95.79	152.81
Total		1,621.73	1,098.08

(b) Sensitivity

The sensitivity of profit or loss due to changes in the foreign exchange rates arises mainly from foreign currency denominated financial instruments. 10 % appreciation / depreciation of the respective foreign currencies with respect to functional currency (holding all other variables constant) of the Company would result in increase / decrease in the Company's profit before tax as computed below:

	Impact on profit before tax	
	Year ended 31 March 2023	Year ended 31 March 2022
USD sensitivity		
INR/USD -Increase by 10%	88.14	64.27
INR/USD -Decrease by 10%	(88.14)	(64.27)
GBP sensitivity		
INR/GBP -Increase by 10%	64.45	30.26
INR/GBP -Decrease by 10%	(64.45)	(30.26)
Other currencies sensitivity		
INR/Others -Increase by 10%	9.58	15.28
INR/Others -Decrease by 10%	(9.58)	(15.28)

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's debt interest obligation. Further the Company engages in financing activities at market linked rates, any changes in the interest rate environment may impact future rates of borrowings.

The exposure of the Company's financial assets and financial liabilities to interest rate risk is as follows:

Particulars	31 March 2023		31 March 2022	
	Floating Rate	Fixed Rate	Floating Rate	Fixed Rate
Financial assets	-	55,364.66	-	31,141.97
Financial liabilities	-	-	-	-
	-	55,364.66	-	31,141.97

Increase/ decrease of 50 basis points (holding all other variables constant) in interest rates at the balance sheet date would result in increase/decrease of **Rs. NIL** (31 March 2022 - Rs.NIL) in interest expense on financial liabilities with floating interest rate and corresponding impact on profit before tax for the year ended 31 March 2023.

The Company invests its surplus funds in fixed deposits and mutual funds. Fixed deposits are held with highly rated banks and have a short tenure and are not subject to interest rate volatility.

(iii) Securities price risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices. The Company is not an active investor in equity markets; it used to hold certain investments in equity for long term value accretion which are accordingly measured at fair value through Other Comprehensive Income which has been tranferred pursuant to a scheme of arrangement (Refer Note 34) to the Resulting Company. Hence, the value of investments in such equity instruments (including quoted and unquoted) as at 31 March 2023 stands **Rs. NIL** (31 March 2022 - Rs.14,528.26 Lakhs). Accordingly, fair value fluctuations arising from market volatility is not recognised in Other Comprehensive Income for the year ended 31 March 2023.

The Company also invests in mutual fund schemes of leading fund houses. Such investments are susceptible to market price risk that will fluctuate due to changes in market traded prices, which may impact the return and value of such investments. The value of investments in such mutual fund schemes as at 31 March 2023 is **Rs.21,235.62 Lakhs** (31 March 2022 - Rs.50,570.95 Lakhs). Accordingly, fair value fluctuations arising from market volatility is recognised in Statement of profit and loss.

33 CAPITAL MANAGEMENT

(a) Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Notes

to the revised standalone financial statements for the year ended 31 March 2023 (contd.)

(Amount in Rupees lakhs, except otherwise stated)

Consistent with others in the industry, the Company monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Company.

Net debt implies total borrowings of the Company as reduced by Cash and Cash Equivalent and Equity comprises all components attributable to the owners of the Company.

The following table summarises the capital of the Company:

Particulars	As at 31 March 2023	As at 31 March 2022
Total borrowings ⁽¹⁾	71.25	130.31
Less: Cash and cash equivalents (Refer Note 11.3)	(1,297.46)	(14,706.45)
Net Debt	(1,226.21)	(14,576.14)
Equity (Refer Note 14.1 and 14.2)	1,33,237.94	1,37,183.36
Net Debt to Equity Ratio	(0.01)	(0.11)

(1) Borrowings represents only lease liabilities

Under the terms of the borrowing facilities, the Company has complied with the financial covenants as imposed by the bank and financial institutions.

No changes were made to the objectives, policies or processes for managing capital during the years ended **31 March 2023** and 31 March 2022.

(b) Dividend on equity shares

REVISED INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SAREGAMA INDIA LIMITED
REPORT ON THE AUDIT OF THE REVISED CONSOLIDATED FINANCIAL STATEMENTS
This Report supersedes our Report dated 19 May 2023

OPINION

We have audited the revised consolidated financial statements of Saregama India Limited (hereinafter referred to as the "Holding Company") (in which are included financial information of its employee welfare trust) and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the revised consolidated balance sheet as at 31 March 2023, and the revised consolidated statement of profit and loss (including other comprehensive income), revised consolidated statement of changes in equity and revised consolidated statement of cash flows for the year then ended, and notes to the revised consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the revised consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid revised consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and in the context of the overriding effect of the provision in the Scheme of Arrangement as approved by the National Company Law Tribunal ("NCLT"), regarding accounting of demerger from the specified retrospective appointed date give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Revised Consolidated Financial Statements section of our revised report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the revised consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the revised consolidated financial statements.

EMPHASIS OF MATTER

We draw attention to Note 1 and Note 34 of the revised consolidated financial statements which describes the basis of revision and scheme of demerger respectively. As explained in detail therein, these revised consolidated financial statements for the year ended 31 March 2023 have been prepared pursuant to the Scheme of Arrangement amongst and the Holding Company and Digidrive Distributors Limited and their respective shareholders and creditors (the 'Scheme') for demerger of E-Commerce Distribution Business along with identified non-core assets of the Group (the "Demerged Undertaking") from the specified appointed date i.e. 1 April 2022, as approved by the National Company Law Tribunal (NCLT), Kolkata Bench, vide order dated 22 June 2023 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Holding Company with the Registrar of the Companies, Kolkata on 12 July 2023. We further draw attention to the fact that in accordance with the scheme approved by NCLT, the Holding Company has given effect to the Scheme from the retrospective appointed date i.e. 1 April 2022 which overrides the relevant requirement of applicable generally acceptable accounting principles in India (according to which the scheme would have been accounted for from 22 June 2023). The financial impact of the aforesaid treatment has been disclosed in the note 34.

We issued a separate auditor's report dated 19 May 2023 to the members of the Company on the consolidated financial statements of the Group for the year ended 31 March 2023 which were first approved by the Board of Directors on 19 May 2023 ("Original consolidated

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

financial statements”). The aforesaid petition having been approved subsequently, the Holding Company has now prepared revised consolidated financial statements incorporating the impact of the demerger with effect from 1 April 2022. Consequently, our revised audit report is with reference to the revised financial statements.

Our opinion is not modified in respect of above matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the revised consolidated financial statements of the current period. These matters were addressed in the context of our audit of the revised consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue Recognition	
See Note 21 to revised consolidated financial statements	
The key audit matter	How the matter was addressed in our audit
The Group derives its revenue from the sale of contractually manufactured products; licensing of music rights and income from films and television serials including free commercial time.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: <ul style="list-style-type: none">• We have evaluated the terms of significant contracts pertaining to revenue from licence fees to identify the performance obligations under these contracts;• We have considered the revenue recognition policies of the Group in respect of those contracts and assessed the consistent application of these policies in light of the requirements of relevant accounting standards;• We have tested the effectiveness of relevant controls over revenue from licence fees;• We have selected sample transactions and performed substantive procedures with regard to revenue from licence fees by agreeing to the agreements and third party information received from the customers;• We tested the transactions closer to the year end to check the recognition of revenue in the correct period; and• evaluated the adequacy of the consolidated financial statement disclosures required by Ind AS 115.
The recognition of revenue from licence fees has been considered as a key audit matter since the Group has entered into multiple complex contracts with its customers. Apart from the contractual agreements as entered, the Group recognised revenue based on the information as received from such customers. The complexity of these contractual terms also requires the Group to make judgements in assessing fulfillment of its obligations under the contracts to recognise the revenue in line with the accounting policy adopted.	

OTHER INFORMATION

The Holding Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company’s annual report, but does not include the revised financial statements and revised auditor’s report thereon.

Our opinion on the revised consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the revised consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the revised consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/audit reports of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

MANAGEMENT'S AND BOARD OF DIRECTORS'/BOARD OF TRUSTEES RESPONSIBILITIES FOR THE REVISED CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company’s Management and Board of Directors are responsible for the preparation and presentation of these revised consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company/Board of Trustees of the employee welfare trust (“Trust”) included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of Company/Trust and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the revised consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the revised consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the revised consolidated financial statements, the respective Management and Board of Directors of the Company/Board of Trustees of the Trust included in the Group are responsible for assessing the ability of Company/Trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/Board of Trustees either intends to liquidate the Company/Trust or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company/Board of Trustees of the Trust included in the Group are responsible for overseeing the financial reporting process of Company/Trust.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE REVISED CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the revised consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a revised auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these revised consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the revised consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to revised financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of revised consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

that a material uncertainty exists, we are required to draw attention in our revised auditor's report to the related disclosures in the revised consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our earlier auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the revised consolidated financial statements, including the disclosures, and whether the revised consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the revised financial statements of such entities or business activities within the Group to express an opinion on the revised consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the revised financial statements of such entities included in the revised consolidated financial statements of which we are the independent auditors. For the other entities included in the revised consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled "Other Matters" in this revised audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the revised consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the revised consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our revised auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our revised report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

- (a) We did not audit the financial statements of five subsidiaries (including one step-down subsidiary), whose financial statements reflects total assets (before consolidation adjustments) of Rs. 4,567.81 lakhs as at 31 March 2023, total revenues (before consolidation adjustments) of Rs. 5,202.74 lakhs and net cash inflows (before consolidation adjustments) amounting to Rs. 77.58 lakhs for the year ended on that date, as considered in the revised consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the revised consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the reports of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the revised consolidated financial statements, and our revised report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to our reliance on the work done and the reports of the other auditors.

REVISED INDEPENDENT AUDITOR'S REPORT (contd.)

- (b) In accordance with the provisions of Standard on Auditing 560 (Revised) 'Subsequent Events' issued by The Institute of Chartered Accountants of India, our audit procedures, in so far as they relate to the revision to the Consolidated Financial Statements, have been carried out solely on this matter and no additional procedures have been carried out for any other events occurring after 19 May 2023 (being the date of our earlier audit report on the Original consolidated financial statements). Our earlier audit report dated 19 May 2023 on the Original consolidated financial statements is superseded by this revised report on the revised consolidated financial statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we report on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE A TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED CONSOLIDATED FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023

Report on the internal financial controls with reference to the aforesaid revised consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our revised report of even date)

This Report supersedes our Report dated 19 May 2023

OPINION

In conjunction with our audit of the revised consolidated financial statements of Saregama India Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to revised financial statements of the Holding Company and such companies incorporated in India under the Act which are its subsidiary companies, as of that date.

In our opinion the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to revised financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to revised financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

EMPHASIS OF MATTER

We draw attention to Note 1 and Note 34 of the revised consolidated financial statements which describes the basis of revision and scheme of demerger respectively. As explained in detail therein, these revised consolidated financial statements for the year ended 31 March 2023 have been prepared pursuant to the Scheme of Arrangement amongst and the Holding Company and Digidrive Distributors Limited and their respective shareholders and creditors (the 'Scheme') for demerger of E-Commerce Distribution Business along with identified non-core assets of the Group (the "Demerged Undertaking") from the specified appointed date i.e. 1 April 2022, as approved by the National Company Law Tribunal (NCLT), Kolkata Bench, vide order dated 22 June 2023 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Holding Company with the Registrar of the Companies, Kolkata on 12 July 2023. We further draw attention to the fact that in accordance with the scheme approved by NCLT, the Holding Company has given effect to the Scheme from the retrospective appointed date i.e. 1 April 2022 which overrides the relevant requirement of applicable generally acceptable accounting principles in India (according to which the scheme would have been accounted for from 22 June 2023). The financial impact of the aforesaid treatment has been disclosed in the note 34.

We issued a separate auditor's report dated 19 May 2023 to the members of the Company on the consolidated financial statements of the Group for the year ended 31 March 2023 which were first approved by the Board of Directors on 19 May 2023 ("Original consolidated financial statements"). The aforesaid petition having been approved subsequently, the Holding Company has now prepared revised consolidated financial statements incorporating the impact of the demerger with effect from 1 April 2022. Consequently, our revised audit report is with reference to the revised financial statements.

Our opinion is not modified in respect of above matter.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to revised financial statements criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and

ANNEXURE A TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED CONSOLIDATED FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023 (contd.)

efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to revised financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to revised financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to revised financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to revised financial statements and their operating effectiveness. Our audit of internal financial controls with reference to revised financial statements included obtaining an understanding of internal financial controls with reference to revised financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the revised consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to revised financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO REVISED FINANCIAL STATEMENTS

A company's internal financial controls with reference to revised financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of revised consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to revised financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of revised consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the revised consolidated financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO REVISED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to revised financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to revised financial statements to future periods are subject to the risk that the internal financial controls with reference to revised financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE A TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE REVISED CONSOLIDATED FINANCIAL STATEMENTS OF SAREGAMA INDIA LIMITED FOR THE YEAR ENDED 31 MARCH 2023 (contd.)

OTHER MATTERS

- (a) Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.
- (b) In accordance with the provisions of Standard on Auditing 560 (Revised) 'Subsequent Events' issued by The Institute of Chartered Accountants of India, our audit procedures, in so far as they relate to the revision to the Consolidated Financial Statements, have been carried out solely on this matter and no additional procedures have been carried out for any other events occurring after 19 May 2023 (being the date of our earlier audit report on the Original consolidated financial statements).Our earlier audit report dated 19 May 2023 on the Original consolidated financial statements is superseded by this revised report on the revised consolidated financial statements.

Our opinion is not modified in respect of above matters.

The description, nature and purpose of each reserve within other equity are as follows:

- (i) **Capital reserve** : The Group recognises profit or loss on purchase, sale, issue or cancellation of the Group's own equity instruments to Capital Reserve. The Group also recognises gains or losses on transaction with Non-Controlling Interest which do not result on loss of control over subsidiary in the capital reserve.
- (ii) **General reserve** : Under the erstwhile Companies Act 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Companies Act, 2013 (the "Companies Act"), the requirement to mandatory transfer a specified percentage of net profit to general reserve has been withdrawn. The amount credited to the reserve can be utilised by the Group in accordance with the provisions of the Companies Act. There is no movement in general reserve during the current and previous year.
- (iii) **Securities premium** : This reserve represents the premium on issue of shares and can be utilised in accordance with the provisions of the Companies Act.
- (iv) **Share options outstanding reserve** : This reserve relates to stock options granted by the Parent Company to eligible employees under Saregama Employee Stock Option Scheme 2013. This reserve is transferred to securities premium or retained earnings on exercise or cancellations of vested options.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023

BACKGROUND

Saregama India Limited ("the Company") is a Company limited by shares, incorporated and domiciled in India. Saregama India Limited (Parent Company) and its subsidiaries (Parent Company and its subsidiaries together referred as "Group") is primarily engaged in the business of manufacturing and sale of Music storage device viz. Carvaan, Music Card, Audio Compact Discs, Digital Versatile Discs and dealing with related music rights. The Group is also engaged in production and sale/telecast/broadcast of films/Tv Serials, pre-recorded programmes and dealing in film rights, printing of printed materials and marketing support services as detailed under segment information in Note 41. Equity shares of the Parent Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Parent Company is located in Kolkata, West Bengal, India.

1 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the Group in the preparation of its consolidated financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these consolidated financial statements.

(a) Basis of the Preparation

The consolidated financial statements of the Company for the year ended 31 March 2023 were first approved by the Board of Directors on 19 May 2023 ("Original financial statements") without giving effect to the Scheme of Arrangement since the application seeking approval of the said Scheme was pending before the National Company Law Tribunal, Kolkata Bench as of that date. These revised consolidated financial statements were approved and authorised for issue by the Board of Directors of the Company at their meeting held on 27 July 2023. The Original consolidated financial statements of the Company are being revised pursuant to an approved Scheme of Arrangement, the details of which are stated in Note 34.

(i) Compliance with Ind AS

These Consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Basis of measurement

(a) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) that is measured at fair value;
- Net Defined benefit (assets)/liability - Fair value of plan assets less present value of defined benefit obligations; and
- Share based payments.

(b) Functional and presentation currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Parent Company operates ('the functional currency'). The consolidated financial statements are presented in Indian Rupee (Rs.), which is the Group's functional and presentation currency.

(iii) Current Versus Non-current Classification

All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013 and Ind AS 1 - Presentation of financial statement based on the nature of products / service and the time between the acquisition of assets for processing / providing the services and their realisation in cash and cash equivalents. The Group has ascertained its operating cycle as 12 months for the purpose of current, non current classification of assets and liabilities.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(iv) Principles of consolidation and equity accounting

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligation of each investors, rather than the legal structure of the joint arrangement. The Group has one joint venture, Saregama Regency Optimedia Private Limited (SROPL), which is under liquidation with effect from 19 September 2016. Accordingly, this entity has not been consolidated by the Group [Refer Note 35(b)].

Joint ventures

Interest in joint ventures are accounted for using the equity method (see below), after initially being recognised at cost in the consolidated balance sheet.

Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its joint venture are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provide evidence of an impairment of the asset transferred. Accounting policies of equity accounted investee have been changed where necessary to ensure consistency with the policies adopted by the group.

(v) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from those of the rest of the Group and which represents a separate major line of business or geographical area of operations and

- is a part of a single co-ordinated plan to dispose of a separate major line of business or geographic area of operations; or
- is a subsidiary acquired exclusively with a view to re-sale

Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier.

When an operation is classified as a discontinued operation, the comparative statement of profit and loss is re-presented as if the operation had been discontinued from the start of the comparative period.

The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Chief Financial Officer of the Group. Refer note 43 for segment information presented.

(vi) Foreign currency translation

Functional and presentation currency

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian Rupee (Rs.), which is Parent Company's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

Foreign currency non-monetary items carried in terms of historical cost are reported using the exchange rate at the date of the transactions.

Group Companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into presentation currency as follows:

- Assets and liabilities are translated at the closing rate at the date of that balance sheet.
- Income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- All resulting exchange differences are recognised in other comprehensive income.

(b) Revenue recognition

The Group has applied Ind AS 115, Revenue from Contracts with Customers, which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

- Revenue from the sale of products is recognised at the point in time when control is transferred to the customer. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.
- Revenue from Music licensing where the customer obtains a "right to use" is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period.
- Revenue from the sale of television serial episodes is recognised upfront at the point in time when the episode is delivered to the customer.
- Revenue from sale of free commercial time (net of trade discount, as applicable) are recognised when the related advertisement or commercials appears before the public, i.e. on telecast.
- Revenue from theatrical distribution is recognised on exhibition of films. In case of distribution through theatres, revenue is recognised on the basis of box office reports received from various exhibitors. Contracted minimum guarantees are recognised on theatrical release.
- Revenue from Sale of films rights are recognised on assignment of such rights as per terms of the sale/licencing agreements.
- Revenue from current affairs and features magazine is recognised in the period in which the magazines are sold and are accounted for net of commission and discounts. Revenue from subscription to the Group's print publications is recognised as earned, prorata on a per issue basis over the subscription period.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Use of significant judgements in revenue recognition :

- The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

Government Grant

The Group may receive government grants that require compliance with certain conditions related to the Group's operating activities or are provided to the Group by way of financial assistance on the basis of certain qualifying criteria. Accordingly, government grants by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

(c) Property, Plant and Equipment - (PPE)

All items of property, plant and equipment other than freehold land are stated at historical cost i.e. cost of acquisition/construction or at deemed cost as on the date of transition to Ind AS less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

Revaluation of Land is made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date. When the fair value differs materially from its carrying amount, the carrying amount is adjusted to the revalued amount. The fair value is determined based on appraisal undertaken by a professionally qualified valuer.

Depreciation method, estimated useful lives and residual values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over the estimated useful lives of the asset as prescribed under Schedule II to the Companies Act, 2013.

The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amounts.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are included in profit or loss within 'Other Income'/'Other Expenses'.

Advances paid towards the cost of property, plant and equipment outstanding at each balance sheet date is classified as 'Capital advances' under other non- current assets.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(d) Investment properties

Properties that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Investment properties are depreciated using the straight-line method over their estimated useful lives of the assets as prescribed under Schedule II to the Companies Act, 2013.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its investment properties recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

(e) Intangible assets

Intangible assets has a finite useful life and are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

(i) Music copyrights

Outright acquisition of music copyrights wherein future economic benefits are established are capitalised. They have finite useful lives and are subsequently carried at cost less accumulated amortisation and impairment losses.

(ii) Computer software

Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation method and year

The Group amortises intangible assets with a finite useful lives using the straight-line method over the following periods:

Music Copyrights acquired through outright purchase are amortised over a period of one to ten years from the date of release of Music. The Group reviews the expected future revenue potential at the end of each accounting period and recognises impairment loss, where required.

Softwares are amortised on a straight line basis over a period of three years from the date of capitalisation.

Advances paid towards the cost of intangible assets outstanding at each balance sheet date is classified as 'Capital advances' under other non- current assets.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

(f) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

(g) Leases

The Group as a lessee

The Group's lease asset classes primarily consist of leases for buildings and vehicles. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii)the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e.the

Notes

higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

The Group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Under the erstwhile standard Ind AS 17, operating lease payments as per terms of the agreement, were recognised as an expense in the Statement of Profit and Loss on a straight line basis, except where another systematic basis was more representative of the time pattern in which economic benefits from the leased asset were consumed.

Effective 01 April 2019, the Group adopted Ind AS116 "Leases" and applied the standard to lease contracts existing on 01 April 2019 using the modified retrospective method on the date of initial application. Consequently, the lease liabilities is recognized at the present value of lease payment discounted at the weighted average incremental borrowing rate and same amount is recognized for ROU assets.

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term and low value leases on the date of initial application.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

(h) Inventories

Raw materials are stated at lower of cost and net realisable value. The cost is determined on weighted average basis. The costs of purchase of raw materials comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of material. Provision is made for obsolete / slow moving / defective stocks, where necessary.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

Physical inventory (caravan, music card and others): Inventories are valued at lower of cost and net realisable value. The cost is determined on weighted average basis, and includes, where applicable, appropriate share of overheads, the same is charged off on sale of goods. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods. Provision is made for obsolete / slow moving / defective stocks, where necessary.

Music rights are stated at lower of cost / unamortised cost or net realisable value. Cost comprises acquisition / direct production cost. Music rights are amortised over a period of one to ten years from the date of release of Music.

Untelecasted television serials are valued at lower of cost and net realisable value. Cost comprises direct production cost. Cost of a television serial is fully expensed on telecast/broadcasting.

Digital Films are stated at lower of cost / unamortised cost or net realisable value. Cost comprises acquisition / direct production cost. Expenses of under production films incurred till the films are ready for release are inventorised. Cost of digital films are recognised as expense in Statement of Profit and Loss as per the terms of licencing of multiple digital rights.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Investments (other than investments in subsidiaries) and other financial instruments

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss);
- those to be measured at amortised cost; and

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. In accordance with Ind AS 101, the Group had irrevocably designated its investment in equity instruments as FVOCI on the date of transition to Ind AS.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Equity Instruments : The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Statement of Profit and Loss.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.

(iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets which are not fair valued through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32(A) details how the Group determines whether there has been a significant increase in credit risk.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

For trade receivables only, the Group applies the simplified approach as per Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets

A financial asset is derecognised only when

- the Group has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL.

(vi) Financial liabilities through fair value through profit or loss (FVTPL)

A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in Statement of Profit and Loss. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

(vii) Financial liabilities at amortised cost

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of Profit and Loss.

Any gain or loss on derecognition is also recognised in Statement of Profit and Loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to the short maturity of these instruments.

(viii) Fair value of financial instruments

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

(j) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(k) Trade receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

(l) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(m) Trade payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(n) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(o) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred, unless they are capitalised.

(p) Foreign currency transactions and translation

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year - end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Foreign currency non-monetary items carried in terms of historical cost are reported using the exchange rate at the date of the transactions.

(q) Employee benefits expense

(i) Short-term employee benefits

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as 'Employee Benefits Payable' within 'Other Current Liabilities' in the Balance Sheet.

(ii) Other long-term employee benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

(iii) Post-employment benefits

Defined benefit plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. These are included in 'Retained Earnings' in the Statement of Changes in Equity in the balance sheet.

Defined contribution plans

The Group has certain defined contribution plans viz. provident fund and superannuation fund. Contributions for provident fund are made at specified percentage of the covered employee's qualifying salary to a government administered fund. Contribution for superannuation fund are made yearly based on a specified percentage of each covered employee's salary to a Trust set up by the Group. Contributions under Defined Contribution Plans are recognised as expenses for the period in which the employee has rendered the service.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via Saregama Employee Stock Options Scheme 2013, Stock Appreciation Rights Scheme 2014.and Stock Appreciation Rights Scheme 2018.

Employee Options

The fair value of the options granted under the Saregama Employee Stock Option Scheme 2013 is recognised as an employee benefits expense in the statement of profit and loss with a corresponding adjustments to equity. The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and risk free interest rate for the term of the option. The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions (e.g., the entity's share price);
- excluding the impact of any services and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining and employee of the entity over a specified time period); and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specified period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit or loss, with a corresponding adjustment to equity.

Share appreciation rights

Liabilities for the Parent Company's Share Appreciation Rights (SAR), granted pursuant to Parent Company's share appreciation rights schemes, is measured initially and at the end of each reporting period until settled, at fair value of the SAR, by applying option pricing model, and is recognised as employee benefit expense over the relevant service period. The liabilities are presented as employee benefits obligations in the balance sheet.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

(r) Royalty

Minimum Guarantee Royalty is recognised as expense within the license period or ten years, whichever is earlier. Royalty on sales, other than physical sales, is provided on the basis of management's best estimate of the expenditure required to settle the obligation. Other royalty payments are charged at agreed rates on related sales.

(s) Income tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses, as applicable.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, if any, only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(t) Provisions and contingencies

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

(u) Dividend Distribution

Dividends paid are recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

(v) Earnings per share

(i) Basic Earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year excluding treasury shares

(ii) Diluted Earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(w) Rounding of amounts

All amounts disclosed in the Consolidated Financial Statements and notes have been rounded off to the nearest lakhs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

(x) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

2 CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these consolidated financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)

This Note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

Employee benefits (estimation of defined benefit obligations) - **Note 1(q) and Note 29**

Post-employment benefits represent obligations that will be settled in future and require assumptions to estimate benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of benefit costs over the employees' approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Group to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

Impairment of trade receivables - **Note 1(i)(iii) and Note 32**

For impairment of trade receivable, Group applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Estimation of expected useful lives of property, plant and equipment - **Note 1(c) and Note 3**

Management reviews its estimate of useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

Contingencies - **Note 1(t) and Note 39**

Legal proceedings covering a range of matters are pending against the Group. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Group often raise factual and legal issues that are subject to uncertainties and complexities, including the facts and circumstances of each particular case/claim, the jurisdiction and the differences in applicable law. The Group consults with legal counsel and other experts on matters related to specific litigations where considered necessary. The Group accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

Valuation of deferred tax assets - **Note 1(s) and Note 16**

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred tax benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

Fair value measurements - **Notes 1(i)(viii) and Note 31**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

- 3.1 The Group has chosen the revaluation model for land and cost model for other items of PPE as its accounting policy [Refer Note 1(c)]. Accordingly, Parent Company's land was revalued by registered valuer using market approach. Resultant incremental value amounting to Rs.12,599.73 Lakhs were added to the book value of related land with corresponding credit to Other Comprehensive Income and other equity. The carrying amount of land that would have been recognised had it been carried under the cost model is Rs.8,367.47 Lakhs.
- 3.2 Title deeds of the immovable properties as set out in the above table are in the name of the Parent Company.
- 3.3 The Parent Company has cash credit facility from banks which carry charge over certain of the above PPE (Refer Note 32(B) for details).
- 3.4 Aggregate amount of depreciation has been included under 'Depreciation and amortisation expense' in the Statement of Profit and Loss (Refer Note 26).

Estimation of fair value

The Parent Company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Parent Company consider information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- discounted cash flow projections based on reliable estimates of future cash flows
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an a nalysis of market evidence

The fair values of investment properties have been determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

Contract Balances

The following table provides information about receivables and contract liabilities from contracts with customers:

Particulars	As at 31 March 2023	As at 31 March 2022
Receivables, which are included in 'trade receivables' (Refer Note 11.2)	14,796.95	10,780.25
Contract liabilities, which are included in 'income received in advance' (Refer Note 18)	7,794.00	3,140.02

The contract assets primarily relate to the Group's rights to consideration for services rendered but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Group issues an invoice to the customer.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue from the sale of products is recognised at the point in time when control is transferred to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time.

Invoicing in excess of earnings are classified as contract liability.

Changes in contract liabilities are as follows:

Particulars	As at 31 March 2023	As at 31 March 2022
Balance at the beginning of the year	3,140.02	1,758.32
Revenue recognised that was included in the contract liabilities at the beginning of the year	(3,140.02)	(1,758.32)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	7,794.00	3,140.02
Balance at the end of the year	7,794.00	3,140.02

The Parent Company has entered into a few contracts where the period between the transfer of the promised goods or services to the customer and payments by the customer exceeds one year and hence, there exists a financing component included in such contracts. On evaluation of the terms of the contracts, the effects of financing have not been found to be significant and the same has been adjusted accordingly.

Reconciliation of revenue recognised with the contracted price is as follows:

Particulars	Year ended 31 March 2023	Year ended 31 March 2022
Contracted prices	70,975.56	56,735.70
Reductions towards variable consideration components	(350.18)	(374.14)
Revenue recognised from continuing operations*	70,625.38	56,361.56

* The above balances include revenue from sale of products and sale of services.

The reduction towards variable consideration comprises of volume discounts, incentives, etc.

29 ASSETS AND LIABILITIES RELATING TO EMPLOYEE BENEFITS

(I) Post-employment Defined Benefit Plans:

(A) Gratuity (funded)

The Group provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the plan, the Gratuity Fund Trusts, administered and managed by the Trustees and funded primarily with Life Insurance Corporation of India (LIC), ICICI Prudential Life Insurance Company Limited and Aviva Life Insurance Company Limited, make payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Trustees are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and rules in the best interests of the plan participants. Each year an Asset-Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles. Investment and contribution policies are integrated within this study. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 1(q)(iii) in significant accounting policies, based upon which, the Group makes contributions to the Employees' Gratuity Funds.

The following table sets forth the particulars in respect of the Gratuity Plan (funded) of the Group:

2-5 years	225.10	-	191.52	26.36
Over 5 years	539.64	-	488.70	93.84
(i) Principal actuarial assumptions:				
Discount rate	7.20%	-	6.70%	7.25%
Salary growth rate	10.00%	-	10.00%	7.00%
Return on Plan Assets	8.00%	-	8.00%	6.80%
Withdrawal rate		-		
Ages from 20-35	20.00%	-	20.00%	0.50%
Ages from 36-58	5.00%	-	5.00%	1.10%

Assumptions regarding future mortality experience are based on mortality tables of 'Indian Assured Lives Mortality (2006-2008)' published by the Institute of Actuaries of India.

The estimate of future salary increases takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

(j) Sensitivity analysis	Change in Assumption	Impact on defined benefit obligation (2022-23)	Impact on defined benefit obligation (2021-22)
Discount Rate	Increase by 1%	Decrease by Rs.49.03 Lakhs	Decrease by Rs.51.20 Lakhs
	Decrease by 1%	Increase by Rs.56.15 Lakhs	Increase by Rs.58.90 Lakhs
Salary Growth Rate	Increase by 1%	Increase by Rs.54.14 Lakhs	Increase by Rs.56.72 Lakhs
	Decrease by 1%	Decrease by Rs.48.31 Lakhs	Decrease by Rs.50.39 Lakhs

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit obligation recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

- (k) The Group expects to contribute **Rs.108.00 Lakhs** (previous year - Rs.100.00 Lakhs) to the funded gratuity plans during the next financial year.
- (l) The weighted average duration of the defined benefit obligation as at 31 March 2023 for Parent Company is **7 years** (31 March 2022 - 8 years).

(II) Post-employment defined contribution plans

(A) Superannuation fund

Certain categories of employees of the Parent Company participate in superannuation, a defined contribution plan administered by the Trust set up by the Parent Company. The Parent Company makes yearly contributions based on a specified percentage of each covered employee's salary. The Parent Company has no further obligations under the plan beyond its annual contributions.

During the year, an amount of **Rs.10.89 Lakhs** (previous year- Rs.10.16 Lakhs) has been recognised as expenditure towards above defined contribution plan of the Parent Company (Refer Note 24).

(B) Provident fund

All categories of employees of the Group receive benefits from a provident fund, a defined contribution plan. Both the employee and employer make monthly contributions to a government administered fund at specified percentage of the covered employee's qualifying salary. The Group has no further obligations under the plan beyond its monthly contributions.

During the year, an amount of **Rs.220.78 Lakhs** (previous year- Rs.222.47 Lakhs) has been recognised as expenditure towards above defined contribution plans of the Group (Refer Note 24).

(III) Leave obligations

The Group provides for accumulation of leave by certain categories of its employees. These employees can carry forward a portion of the unutilised leave balances and utilise it in future periods or receive cash (only in case of earned leave) in lieu thereof as per the Group's policy. The Group records a provision for leave obligations in the period in which the employee renders the services that increases this entitlement.

The total closing provision towards this obligation was **Rs.485.40 Lakhs** and Rs.497.09 Lakhs as at 31 March 2023 and 31 March 2022 respectively. The amount of the provision is presented as current, since the Group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

Particulars	31 March 2023	31 March 2022
Leave provision not expected to be settled within the next 12 months (Refer Note 15).	414.26	418.95

(IV) Risk exposure

Through its defined benefit plans, the Group is exposed to some risks, the most significant of which are detailed below:

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

30 SHARE BASED PAYMENTS

(a) Employee stock option scheme

The establishment of the Employee Stock Option Scheme 2013 (Scheme) was approved by the shareholders of the Parent Company at the Annual General Meeting held on 26 July 2013. The Scheme is designed to provide incentives to eligible employees to deliver long term returns. Under the Scheme each Option entitles the holder thereof to apply for and be allotted one equity shares of the Company of Re.1 each upon payment of the exercise price during the exercise period as defined in the Scheme.

The exercise period commences from the date of vesting of the Options and expires at the end of 10 years from the date of vesting. The Options have been granted at the 'market price' as defined under the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended.

Information in respect of Options granted under the Scheme :

Pursuant to approved Scheme, the Compensation Committee / Nomination and Remuneration Committee of the Board of Directors of the Parent Company has granted shares / options during 2020-21, 2021-22 and 2022-23 to certain eligible employees and outstanding as on 31 March 2023 at the following exercise price, being prevailing market price as on date of grant to respective employee :

Name of eligible employees	As at 31 March 2023		As at 31 March 2022	
	No. of options/ shares #	Exercise price per share (Rs.)	No. of options/ shares #	Exercise price per share (Rs.)
Scheme Part I **	20,000	41.62	200,000	41.62
Scheme Part II @	-	-	100,000	175.04
Scheme Part III **	200,000	399.35	-	-
Scheme Part IV **	1,200,000	368.53	-	-

After giving effect of share split (Refer Note 14.1).

@ Exercise of options by the option holders shall entail issuance of equity shares by the Company on compliance / completion of related formalities on the basis of 1:1.

** The Nomination and Remuneration Committee of the Board of Directors of the Parent Company in its meeting held on 8 May 2019, has recommended amendments to the clauses in the ESOS 2013 to effect implementation of the said scheme through Saregama Welfare Trust and the same has been approved by the shareholders of the Parent Company in the Annual General Meeting held on 19 July 2019. Basis the above modification, ESOS 2013 is being implemented through a trust viz. Saregama Welfare Trust ("Trust") in accordance with the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended ("SEBI SBEB Regulations"). This involves secondary market acquisition of the Company's equity shares by the Trust.

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are

(a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows below:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

The fair value of trade receivables, cash and cash equivalents, other bank balances, loans and deposits, trade payables, borrowings, lease liabilities and other financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. The fair values of unquoted equity instruments were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Group has classified certain financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year ended 31 March 2023 and 31 March 2022.

Particulars	Fair Value Hierarchy Level	As at 31 March 2023	As at 31 March 2022
Financial assets			
Measured at fair value through OCI			
Investments			
Equity instruments (quoted)	1	-	14,372.84
Equity instruments (un -quoted)	3	-	155.42
		-	14,528.26
Measured at fair value through profit and loss			
Investments			
Units of Mutual Funds (quoted)	1	23,877.46	53,076.37

Since, some of the Group's financial assets as mentioned in above table are carried at fair value for which Level 3 inputs have been used. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and inputs used).

Particulars	Valuation Technique	Significant unobservable inputs	Sensitivity	
			31 March 2023	31 March 2022
Unquoted Equity Instruments	Discounted cash flow	Earning growth rate/ Discounting rate	-	Increase in earning growth rate by 1% and lower discount rate by 1% would increase fair value by Rs.281.27 Lakhs.
			-	Decrease in earning growth rate by 1% and higher discount rate by 1% would decrease fair value by Rs.56.72 Lakhs.

32 FINANCIAL RISK MANAGEMENT

The Group has a system-based approach to risk management, anchored to policies and procedures aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Group's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulation. It also seeks to drive accountability in this regard.

This Note explains the sources of risk which the entity is exposed to and how the entity manages the risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(A) Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Group is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks).

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed by respective segment subject to the Group's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. The Group's customer base is large and diverse limiting the risk arising out of credit concentration. Further, credit is extended in business interest in accordance with business-specific credit policies. The Group's exposure to trade receivables on the reporting date, net of expected loss provisions, stood at **Rs.14,796.95 Lakhs** as on 31 March 2023 (31 March 2022 - Rs.10,780.25 Lakhs).

All overdue customer balances are evaluated taking into account the age of the dues, specific credit circumstances, the track record of the counterparty etc. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss.

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

The movement of the expected loss provision (allowance for bad and doubtful loans and receivables etc.) made by the Group are as under:

Particulars	Expected Loss Provision	
	As at 31 March 2023	As at 31 March 2022
Opening balance	1,169.32	1,181.17
Add: Provision made during the year (net)	468.15	9.73
Less: Utilisation for impairment/de-recognition/reversal of provision	-	(21.58)
Less: Transferred pursuant to scheme of arrangement (Refer Note 34)	(17.92)	-
Closing balance	1,619.55	1,169.32

Other financial assets

Credit risk from balances with banks, term deposits and investments is managed by Group's finance department. Investments in fixed deposits are held with highly rated banks. Investments of surplus are made within assigned credit limits with approved counterparties who meet the threshold requirements with respect to ratings, financial strength, credit spreads etc. Counterparty credit limits are set to minimize concentration risk and are reviewed periodically by the Board of Directors.

The Group's maximum exposure to credit risk for the components of the Balance Sheet as of 31 March 2023 and 31 March 2022 is the carrying amounts as disclosed in Note 8.1, 8.2, 11.1, 11.3, 11.4, 11.5 and 11.6.

(B) Liquidity risk

Liquidity risk refers to the risk that the Group fails to honour its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the Group's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Group's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The following table shows a maturity analysis of the anticipated cash flows including interest obligations for the Group's non-derivative financial liabilities on an undiscounted basis (all payable within 12 months), which therefore does not differ significantly from their carrying value as the impact of discounting is not significant.

Non-derivative financial liabilities	As at 31 March 2023			
	Less than one year	One to five years	More than five years	Total
(i) Trade payables (Refer Note 17.1)	5,047.71	1,979.55	-	7,027.26
(ii) Lease liabilities (Refer Note 4)	57.47	13.78	-	71.25
(iii) Other financial liabilities (Refer note 17.2)	5,654.42	-	-	5,654.42
	10,759.60	1,993.33	-	12,752.93

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

Non-derivative financial liabilities	As at 31 March 2022			
	Less than one year	One to five years	More than five years	Total
(i) Trade payables (Refer Note 17.1)	6,452.39	-	-	6,452.39
(ii) Lease liabilities (Refer Note 4)	69.42	76.28	-	145.70
(iii) Other financial liabilities (Refer note 17.2)	4,305.57	-	-	4,305.57
	10,827.38	76.28	-	10,903.66

The Group does not have derivative financial liabilities as at the end of above mentioned reporting periods.

The Parent Company is having cash credit facility and the same carries interest of **8.10% to 9.15% p.a.** (2021-22: 7.70% to 8.40% p.a.). The facility is unutilised as on 31 March 2023 and 31 March 2022. Cash Credit facility was secured by first pari passu charge (ranking pari passu with all consortium bankers) over the whole of the current assets of the Parent Company including its inventories, bills receivable and book debts and all other movables, both present and future whether now lying loose or in cases wherever they may be situated and also by the second charge on the Parent Company's movable fixed assets, both present and future ranking pari passu without any preference or priority of one over the others.

(C) Market risk

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group transacts business in local currency and in foreign currencies (primarily US Dollars). The Group has foreign currency trade receivables and trade payables and is therefore exposed to foreign currency risk. The risk is measured through a forecast of highly probable foreign currency cash flows.

The Group's risk management policy is hedging of net foreign currency exposure at all points in time through foreign exchange forward contracts. The objective of the hedging is to eliminate the currency risk due to volatility in exchange rates.

(a) Foreign Currency Risk Exposure:

The Group's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

	As at 31 March 2023		As at 31 March 2022	
	Financial Assets	Financial Liabilities	Financial Assets	Financial Liabilities
USD	345.08	10.21	424.97	3.58
Others	0.90	12.33	2.63	2.44
Total	345.98	22.54	427.60	6.02

Net Exposure to Foreign Currency Risk (Assets - Liabilities)	As at 31 March 2023	As at 31 March 2022
USD	334.87	421.39
Others	(11.43)	0.19
Total	323.44	421.58

Notes

to the revised consolidated financial statements for the year ended 31 March 2023 (contd.)
(Amount in Rupees lakhs, except otherwise stated)

(b) Sensitivity

The sensitivity of profit or loss due to changes in the foreign exchange rates arises mainly from foreign currency denominated financial instruments. 10 % appreciation / depreciation of the respective foreign currencies with respect to functional currency (holding all other variables constant) of the Group would result in increase / decrease in the Group's profit before tax as computed below:

Particulars	Impact on profit before tax	
	Year ended 31 March 2023	Year ended 31 March 2022
USD sensitivity		
INR/USD -Increase by 10%	33.49	42.14
INR/USD -Decrease by 10%	(33.49)	(42.14)
Other currencies sensitivity		
INR/Others-Increase by 10%	(1.14)	0.02
INR/Others-Decrease by 10%	1.14	(0.02)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to risk of changes in market interest rates relates primarily to the Group's debt interest obligation. Further the Group engages in financing activities at market linked rates, any changes in the interest rate environment may impact future rates of borrowings.

The exposure of the Group's financial assets and financial liabilities to interest rate risk is as follows:

Particulars	As at 31 March 2023		As at 31 March 2022	
	Floating Rate	Fixed Rate	Floating Rate	Fixed Rate
Financial assets	-	55,364.66	-	31,039.32
Financial liabilities	-	-	-	-
	-	55,364.66	-	31,039.32

Increase/ decrease of 50 basis points (holding all other variables constant) in interest rates at the balance sheet date would result in increase/decrease of **Rs. NIL** (31 March 2022 - Rs. NIL) in interest expense on financial liabilities with floating interest rate and corresponding impact on profit before tax for the year ended 31 March 2023.

The Group invests its surplus funds in fixed deposits and debt mutual funds. Fixed deposits are held with highly rated banks and have a short tenure and are not subject to interest rate volatility.

(iii) Securities price risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices. The Group is not an active investor in equity markets; it used to hold certain investments in equity for long term value accretion which are accordingly measured at fair value through Other Comprehensive Income which has been tranferred pursuant to a scheme of arrangement (Refer Note 34) to the Resulting Company. Hence, the value of investments in such equity instruments (including quoted and unquoted) as at 31 March 2023 stands **Rs. NIL** (31 March 2022 - Rs.14,528.26 Lakhs). Accordingly, fair value fluctuations arising from market volatility is not recognised in Other Comprehensive Income for the year ended 31 March 2023.

The Group also invests in mutual fund schemes of leading fund houses. Such investments are susceptible to market price risk that will fluctuate due to changes in market traded prices, which may impact the return and value of such investments. The value of investments in such mutual fund schemes as at 31 March 2023 is **Rs.23,877.46 Lakhs** (31 March 2022 - Rs.53,076.37 Lakhs). Accordingly, fair value fluctuations arising from market volatility is recognised in Statement of profit and loss.

33 CAPITAL MANAGEMENT

(a) Risk management

The Group's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Group.

Net debt implies total borrowings of the Group as reduced by Cash and Cash Equivalent and Equity comprises all components attributable to the owners of the Group

The following table summarises the capital of the Company:

Particulars	As at 31 March 2023	As at 31 March 2022

34 SCHEME OF ARRANGEMENT

a) Pursuant to the Scheme of Arrangement (the 'Scheme'), duly sanctioned by the National Company Law Tribunal (NCLT), Kolkata Bench vide Order dated 22 June 2023 ("Order"), with effect from the Appointed Date i.e., 1 April 2022, the E-commerce Distribution Business along with identified non-core assets ('the demerged undertaking ') of the Holding Company ("Demerged Company") stands transferred into the "Digidrive Distributors Limited" (the resulting company).

On receipt of the order dated 22 June 2023 from NCLT, sanctioning the Scheme and upon filing the same with Registrar of Companies, Kolkata on 12 July 2023, the Scheme has become effective. Accordingly, the Holding Company has given effect to the Scheme from the Appointed date of 1 April 2022 by revising the Original consolidated financial statements which were approved by the Board of Directors on 19 May 2023.

The revision to the consolidated financial statements have been carried out solely for the impact of above referred Scheme and no additional adjustments have been carried out for any other events occurring after 19 May 2023 (being the date when the Original financial statements were approved by the Board of Directors of the Holding Company).

Further, the consolidated statement of profit and loss for the year ended 31 March 2022 have been restated by the management to give effect of the Scheme. The transferred business as defined in the 'Scheme' includes the publication business of the Group, which have been disclosed as 'Discontinued Operations' in the consolidated financial statements for the year ended 31 March 2022, as per the requirements of Ind AS 105 (Refer Note 35).

As a result, operations of the Demerged undertaking pertaining to the Publication business, have been reclassified and re-presented as discontinued operations for the previous periods. Balance Sheet as at 31 March 2023 and Statement of Cash Flow for the year ended 31 March 2023 are not comparable with the previous year Balance Sheet and Statement of Cash Flow, respectively, since these include the Demerged undertaking's figures.

The Board recommends the resolution set forth in Item no. 5 for the approval of the Members as a Special Resolution. Except Mr. Vikram Mehra (DIN: 03556680), none of the Directors/Key Managerial Personnel of the Company/their relatives are in any way, concerned or interested, financially or otherwise, in the said resolution.

Item No. 6

Pursuant to Section 94(1) of the Companies Act, 2013, (the '**Act**') the registers required to be kept and maintained by a Company under Section 88 of the Act, such as the Register of Members and Index of Members and other related documents including copies of the annual return filed under Section 92 of the Act shall be kept at the Registered Office of the Company.

Provided that such registers or copies of return may also be kept at any other place in India in which more than one-tenth of the total number of Members entered in the register of Members reside, if approved by a special resolution passed at a general meeting of the company.

The Company has appointed M/s Link Intime India Private Limited having its office at Unit - Saregama India Limited, C 101, 247 Park, L.B.S. Marg, Vikhroli (West), Mumbai - 400083 as the Company's Registrar and Share Transfer Agent (**RTA**). M/s Link Intime being the Company's RTA, has been providing depository related services for the shares held in demat mode and also acting as the Share Transfer Agent for the shares held in physical segment.

As such, it would be desirable to keep the aforesaid documents at the office of the Company's RTA.

In view of the above, the approval of the Members is sought in terms of Section 94(1) of the Act, for keeping the aforementioned Registers and documents at the premises of the RTA as stated in the resolution or such other place within the city of Mumbai or any other office or place within the city of Mumbai, instead of the registered office of the Company.

Further, pursuant to the provisions of Section 94(2) of the Companies Act, 2013 and Rules made thereunder it is also proposed that the aforesaid documents be kept open for inspection, by the persons entitled thereto, to the extent, in the manner and on payment of fees, if any as specified in the aforesaid Act during 11:00 A.M. to 4:00 P.M. on any working day except when the Registers and books are closed under the provisions of the Act or the Articles of Association of the Company.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any. The Board recommends the resolution at Item no. 6 to be passed as Special Resolution.

Item No. 7

Considering the Company's long-term strategic and business objectives, there may be a requirement for additional funds. To fulfill this need, the Company may from time to time finance from various banks, financial institutions, investors, debenture trustees or any other lenders registered with or regulated by the Reserve Bank of India. This borrowing, in combination with the monies previously borrowed by the Company (excluding temporary loans obtained from the Company's bankers in the ordinary course of business), do not at any time exceed the value of limits approved under Section 180(1)(c) of the Act.

In order to secure the borrowings undertaken by the Company, it becomes necessary to create a charge/mortgage on the assets or a part of the undertaking of the Company. Additionally, as per Section 180(1)(a) of the Companies Act, 2013, the Company has the power to sell, lease, or dispose of the whole or substantially the whole of its undertaking, subject to approval from the Members in a General Meeting.

In summary, the Company may need additional funds to achieve its long-term objectives and intends to borrow, to secure these borrowings, the Company may create a charge on its assets or undertaking.

Regulation 37A of SEBI Listing Regulations, shall not be applicable to this resolution as the already borrowed and proposed borrowing will be availed through entities that are registered with or regulated by Reserve Bank of India.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any. The Board recommends the resolution at Item no. 7 to be passed as Special Resolution.

Item No. 8 and 9

Equity based compensation is considered to be an integral part of employee compensation across sectors which enables alignment of personal goals of the employees with organizational objectives by participating in the ownership of the Company through share-based compensation scheme/plan. Your Company believes in rewarding its employees including Directors of the Company for their continuous hard work, dedication and support, which has led the Company on the growth path. Accordingly, the Company had implemented the

Employee Stock Option Scheme - 2013 (hereinafter referred to as the "**Scheme**") to align the interests of its employees with the long-term interests of the Company by motivating the employees with incentives and reward opportunities under the Scheme to create a sense of ownership and participation amongst the employees in the sustained growth of the Company. The Scheme was adopted by the Company's Board of Directors ("**Board**") through resolution dated 25th March, 2013 and thereafter approved by the Members of the Company on 26th July, 2013.

With a view to ensure better efficacy and administration of the Scheme, it is proposed to amend the Scheme to provide for more efficient administration, clarifications to provisions where required and to bring the provisions of the extant Scheme in line with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (hereinafter referred to as "**SBEB&SE Regulations**") as permitted under Clause 10 of the Scheme and the SBEB&SE Regulations. The aforesaid amendment is not prejudicial to the interest of the Optionees under the Scheme.

A copy of the amended Scheme will be available for inspection by the Members at the Registered office of the Company during normal business hours and on all working days except Saturday, Sunday and National Holidays up to the date of the Annual General Meeting.

The following are the salient features of the Scheme, and various disclosures as required in terms of SBEB&SE Regulations, to be interpreted in conjunction with the Scheme or its modifications as applicable. The other terms of the Scheme remain the same as approved by the Members dated 19th July, 2019.

1. **Introduction of Corporate Action and providing Company opportunity to make adjustments (Clause 3.1.(e) and Clause 15)**

Under the amended Scheme, in the event of a 'Corporate Action' as defined in Clause 3.1 (e) of the amended Scheme and change in control, a Grant made under the Scheme will be subject to adjustment by the Nomination and Remuneration Committee at its discretion including but not limited to the number of Options or Vesting criteria or Exercise Price or cancellation of Options (whether Vested or Unvested) in lieu of such consideration as may be determined by the Nomination and Remuneration Committee in its sole discretion. This is to ensure that the Nomination and Remuneration Committee is able to ensure that such actions / transactional events do not affect the smooth administration / implementation of the Scheme or vice versa.

2. **Introduction of definition of nominee (Clause 3.1(r))**

The amended Scheme has provided for a definition of the Nominee, who shall have the right to Exercise the Options in the unfortunate event of the death of an Optionee as provided for in the extant Scheme.

3. **Increase in 'Pool' size (Clause 4.2)**

Given the growth of the Company since the introduction of the Scheme in 2018, largely due to the contribution of its dedicated employees, there has been an increase in the number of employees of the Company itself. An increase in the 'Pool', that is, the number of Options that may be issued under this Scheme, will provide the Company with increased headroom to incentivise new talent to join the Company and motivate and retain the existing employees, enabling these employees to participate in and work toward the growth of the Company which would align with the objective of wealth creation for themselves.

4. **Clarification on status of grant on expiry / cancellation (Clause 4.6)**

The amended Scheme clarifies under Clause 4.6, that if the Options expires or becomes not exercisable without having been Exercised in full, the Shares which were subject to such Options, shall become available for future Grant under the Scheme unless the Scheme stands terminated.

5. **Expansion of administration powers of the Nomination and Remuneration Committee (Clause 5.2)**

For provision of administrative ease to the Nomination and Remuneration Committee, the committee may specify the method which the Company shall use to value its Options and also lay down the procedure for cashless Exercise of Options, if required.

6. **Removal of fixed vesting schedule (Clause 7.3)**

With a view to provide flexibility and administrative ease and to determine the vesting schedule of employees belonging to different grades, roles, performance, pay, contribution to the growth of the Company, the Nomination and Remuneration Committee has now been given the authority to determine the vesting schedule, after due consideration of the circumstances, the grade of employee, etc, for the Options and communicate the same in the Letter of Grant.

7. **Provisions of various methods for exercise of Options (Clause 7.3.7)**

For provision of flexibility to the Optionee and the Nomination and Remuneration Committee, the methods by which the Optionee may make payment of the Exercise price including by way of cheque, online payment, deduction from salary, cashless exercise, any other method, or a combination of the above.

8. **Clarification on right to Grant (Clause 19.1)**

While this has always been the case, the amended Scheme clarifies that the adoption of the Scheme or any action of the Nomination and Remuneration Committee shall not be deemed to give an Eligible Employee any right to be Granted any Options to acquire Shares or to any other rights hereunder except as may be evidenced by Letter of Grant signed and counter signed by the Company and the Eligible Employee, respectively.

9. **Clarification on status of Options on dissolution / liquidation of the Company (Clause 19.2)**

The amended Scheme clarifies that in the event of a dissolution or liquidation, the Nomination and Remuneration Committee shall inform each Optionee, as soon as practicable/ permissible under Applicable Law, of the same and communicate regarding the treatment of Options held by the Optionee.

10. **Provision of option to the Optionee to surrender Option of their own volition (Clause 19.3)**

The amended Scheme provides the Optionee a right (but not an obligation) to by way of written request tender all or any of its Options for surrender of their own volition. The Nomination and Remuneration Committee on receipt of such request, shall consider it and cancel such surrendered Options vis-à-vis the Optionee. The Company and the Nomination and Remuneration Committee shall have no obligation towards such surrendered and cancelled Options.

The directors and key managerial personnel of the Company and/or their relatives may be deemed to be concerned or interested in these Resolutions only to the extent of any options that may be granted to them (along with the resultant Equity Shares issued) that may be offered to them in accordance with the Scheme. The Board recommends the resolution at Item no. 8 and 9 to be passed as Special Resolution.
